PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly :—

A Bill to amend the Imperial Bank of India Act, 1920.

WHEREAS it is expedient to amend the Imperial Bank of India Act, 1920, for certain purposes hereinafter appearing; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Imperial Bank of India (Amendment) Act, 192 . XLVII of 1920.

Insertion of new section 13A in Act XLVII of 1920.

2. After section 13 of the Imperial Bank of India Act, 1920, the following section shall be inserted, namely :— XLVII of 1920.

Power of Bank to grant loans to certain other Banks.

"13A. Notwithstanding anything contained in Schedule I, the Bank may, for the purpose of averting the winding up of any company which is a banking company within the meaning of section 13 and of which the capital is divided into shares, or, where any such company is being wound up, of facilitating the winding up, advance or lend money to, or open a cash credit in favour of, such company or the liquidators thereof, as the case may be, upon the security of the assets of such company."

STATEMENT OF OBJECTS AND REASONS.

The Imperial Bank of India Act, 1920 (XLVII of 1920), contains no provision enabling the Imperial Bank to intervene effectively, without the assistance of Government, in a financial crisis, for the purpose of either averting the winding up of any banking concern or facilitating the winding up of any such concern. The absence of such provision was brought prominently to notice in the circumstances attending the failure of the Alliance Bank of Simla last year, and an undertaking was given on behalf of the Government in the debate in the Legislative Assembly on the 18th July, 1923, that the Government of India would consider the question of so amending the Imperial Bank of India Act, 1920, as to make it possible to do on any future occasion what the Imperial Bank was unable to do, without the intervention of Government, in the case of the Alliance Bank.

The object of the present Bill is to enable the Imperial Bank, with the object either of averting or of facilitating the winding up of any banking concern, to assist such concern by making advances to it or to the liquidators of such concern not only against the securities prescribed elsewhere in the Act but against its assets generally.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

No. 11 OF 1924.

A Bill further to amend the Indian Registration Act, 1908.

WHEREAS it is expedient further to amend the Indian Registration Act, 1908 ; It is hereby enacted as follows : – XVI of 1908.

Short title and commencement.

1. (*1*) This Act may be called the Indian Registration (Amendment) Act, 192 .

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of section 32, Act XVI of 1908.

2. To section 32 of the Indian Registration Act, 1908, the following *Explanation* shall be added, namely :— XVI of 1908.

"*Explanation.*—Presentation by any person shall be deemed to be by an agent duly authorised within the meaning of this section, if the executant is present and admits execution before the registering officer."

STATEMENT OF OBJECTS AND REASONS.

In 37 Allahabah 49 Jambu Prasad *v.* Mahummad Aftab Ali Khan, the Privy Council have had to place a highly technical construction on the law relating to presentation of documents for registration which causes injustice to parties. Their Lordships have in 1922 (Patna 402) suggested that it is a matter for the Legislature to remedy. This Bill is intended so to remedy.

K. RAMA AIYANGAR.

H. MONCREIFF SMITH,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 28th February 1924 :—

No. 17 OF 1924.

A Bill further to amend the Indian Registration Act, 1908.

Whereas it is expedient further to amend the Indian Registration Act, 1908, so as to enable some Sub-Registrars to exercise and perform the powers and duties of a Registrar to hold an inquiry on denial of execution; It is hereby enacted as follows :— XVI of 1908.

Short title and commencement.

1. (*1*) This Act may be called the Indian Registration (Amendment) Act, 192 .

(*2*) It shall come into force on the first day of January 1925.

Amendment of s. 7, Act XVI of 1908.

2. To section 7 of the Indian Registration Act, 1908, the following sub-section shall be added, namely :— XVI of 1908.

"(*3*) The Local Government may by notification declare any Sub-Registrar to be a Registrar within the meaning of the proviso to section 35, and all provisions contained in sections 74 to 77 which apply to documents presented for registration to a Registrar shall also apply to documents presented for registration to such Sub-Registrar."

STATEMENT OF OBJECTS AND REASONS.

In some of the provinces Sub-Registrars are highly educated gentlemen. There is no reason why, if execution of a document is denied before such officers, they should not hold an inquiry as to execution, etc., and why the parties should be driven to the necessity of taking a formal order of rejection and then going to the Registrar for holding the inquiry.

The Bill is intended to enable Local Governments to allow Sub-Registrars to hold the necessary inquiry themselves.

versus

Mr. Chittaranjan Das ... *Respondent.*

Report.

This is an election petition under rule 32 of the Bengal Electoral Rules and Regulations of 1923, presented by Rai Prosanna Kumar Das Gupta Bahadur of Bejgaon, district Dacca. He was a candidate for election from the Midnapore South non-Mahomedan Constituency. The only other candidate was Mr. C. R. Das. The Rai Bahadur personally delivered his nomination paper to the Returning Officer on the 2nd January 1924, the date appointed for nomination of the candidates. The nomination paper was completed in the prescribed form, except in one particular. The number of the candidate in the electoral roll of the constituency in which he was registered as an elector was not filled in. It appears that the Bengal Electoral Rules of 1920 did not require the insertion of this electoral roll number. The Rai Bahadur was not aware that that rule had been amended and came to learn of the amendment when filling up the nomination paper in the office of the Returning Officer. He wired to his brother at Bejgaon and also to the Subdivisional Officer of Munshiganj. His brother wired back the electoral roll number and his election agent Babu Srinath Das supplied it to the Returning Officer by a petition. The Subdivisional Officer of Munshiganj also sent a wire direct to the Returning Officer on the 3rd January 1924, supplying him with the Rai Bahadur's electoral roll number of his home constituency. The 4th January was fixed for the scrutiny of nomination papers. On that date the Returning Officer rejected the nomination of the Rai Bahadur on the ground that the omission to fill in the number of the candidate in the electoral roll was a vital defect. He found the nomination of Mr. C. R. Das in order, and declared him duly elected.

It appears, that the petitioner subsequently discovered that Mr. C. R. Das was at Bombay or Coconada on the 2nd January when his nomination paper was submitted. The petitioner wrote a letter to the Chief Secretary to the Government of Bengal in which he maintained that there was only a technical defect in his nomination paper while there was gross irregularity in the nomination paper submitted by Mr. C. R. Das. The petitioner was informed that his remedy lay in an election petition. The petitioner wrote again on the 22nd January 1924, and asked Government to take steps to remedy the irregularities. He added that he could not risk Rs. 1,000 to fight an election petition. He did not receive any reply. Thereafter he filed the present petition on the 2nd February 1924, averring that the defect in his nomination paper was only technical and pleading that, as Mr. C. R. Das could not have signed the declaration at the foot of the nomination paper after the nomination had been duly proposed and seconded, as required by law, and that as his signature must have been put on blank paper or forged, the nomination and election of Mr. C. R. Das may be declared null and void and he himself be declared to have been duly nominated and elected for the constituency.

During the trial Counsel for the petitioner offered to accept the statement of Mr. C. R. Das. Mr. C. R. Das filed a written statement annexing a statement of facts signed by him. Mr. C. R. Das stated that he left for Cocoanada on the 20th December 1923, but that before he left Babus Birendra Nath Sasmal and Mahendra Nath Maiti had approached him and proposed to nominate him from the Midnapore South non-Mahomedan Constituency and that the day before he left, he accepted the proposal and signed some nomination papers and left instructions to Babu Birendra Nath Sasmal to fill up completely one of the said nomination papers in all its details including the date which was to be the date appointed for the nomination, and that in pursuance of this arrangement Babu Birendra Nath Sasmal filled up the nomination form and signed in the place set apart for the signature of the proposer, and Babu Mahendra Nath Maiti put his signature in the place meant for the signature of the seconder. Mr. C. R. Das stated also that he left instructions to appoint Babu Birendra Nath Sasmal or himself (if Babu Birendra Nath Sasmal was unwilling to be the agent) as his election agent and deliver the same to the Returning Officer, after putting his signature under the clause "I hereby declare that I have appointed ..... to be my election agent," and that Babu Birendra Nath Sasmal put in the word "myself" in pursuance of these instructions. The statement of facts was eventually accepted by the petitioner.

We should mention that at one stage of the case the learned Counsel for Mr. C. R. Das raised the contention that the petition was not *bonâ fide*, the suggestion apparently being that the Government had supplied the petitioner with funds to contest the election. The Rai Bahadur has given his deposition and he has stated that, he paid the money from his own pocket. We need only say that, in our opinion, the suggestion is altogether unfounded.

Not unconnected with this plea was a petition asking for a stay of the proceedings on the ground that the respondent apprehended that he would not have a fair trial before us and that he wanted time to move His Excellency the Governor to appoint new Commissioners for the trial of the petition. Time was given. We were informed that such a petition was filed and before writing our report information has reached us that the petition was rejected. In this connection we only think it necessary to say that we did not see any grounds for such an apprehension.

We proceed to consider the merits of the case. The facts are not disputed now. The only question being whether the nominations of the two candidates were good or bad, we did not think it necessary to draw up any issues. The decision turns upon the interpretation of Rule 11(*3*) of the Bengal Electoral Rules. It runs as follows:—

"On or before the date so appointed for the nomination of candidates, each candidate shall either in person or by his proposer and seconder together between the hours of eleven o'clock in the forenoon and three o'clock in the afternoon, deliver to the Returing Officer ..... a nomination paper completed in the *form* prescribed in schedule III and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder, whose names are registered on the electoral roll of the constituency."

The learned Counsel appearing for the respondent has taken two legal objections to the petition of the Rai Bahadur. It appears that after the nomination of the petitioner was rejected, his election agent withdrew the deposit which has to be made under rule 12. The contention is that the Rai Bahadur accepted the decision of the Returning Officer and by withdrawing the deposit he is no longer a candidate. Under rule 32 an election petition may be filed by any candidate or elector. It was argued that the word "elector" means an elector of the constituency since it would be ridiculous for an elector in one constituency to complain about any irregularity in another constituency. We are disposed to agree, but we may point out that the rule, as framed, does not place any limitation on the word elector. The Rai Bahadur is still a candidate according to the definition of the candidate in rule 30(*b*) inasmuch as he claims that he was duly nominated and that his nomination paper was improperly rejected. It may be again that the petitioner accepted at first the decision of the Returning Officer. If, on consideration, or under legal advice he thought that the decision was wrong he cannot be precluded from questioning the election merely because of the fact that the deposit was returned to him. There is no question of estoppel. We are considering his position on the 4th January 1924. The deposit was there on that date and if it be found that he was duly nominated the case would be met by the Rai Bahadur redepositing the money. We hold that the petition is maintainable.

The second objection is that the nomination paper of the Rai Bahadur is invalid on its face. There are four defects in it. The constituency for which the candidate was nominated is mentioned as "South Midnapore" while it should be "Midnapore South non-Mahomedan". The constituency in which the Rai Bahadur was registered as an elector is described as "Munshiganj (Dacca)—Rural" while it should be "Dacca Rural non-Mahomedan." The name of the proposer is Srinath Chandra Das. It is put down as Srinath Ch. Das, and he signed as Srinath Das. The fourth defect is the omission of the electoral roll number of the candidate. The Returning Officer considered the first three defects technical, but the fourth vital.

The mistakes in the description of the constituencies are slight, and we do not think that they could possibly mislead anyone. In respect of the third defect the learned Counsel has quoted the case of Moorhouse *versus* Linney (15 Queen's Bench Division, page 273), where a nomination paper was held to be bad, by reason of the fact, that the

elector subscribed as Charles Arthur Burman when he was entered on the register as Charles Burman. It was held that the discrepancy suggested that there might be two persons one called Charles Burman and another called Charles Arthur Burman. The statute it was said however in Bowden *versus* Besby (21 Queen's Bench Division page 309), does not require that the subscriptions shall identically correspond with the entries of the names on the register. In the present case the identity of the proposer with the name on the electoral roll is not questioned. A Bengali with the name Srinath Chandra Das might sign himself as Srinath Das. or Srinath Chandra Das. The defect is very technical and carries no weight.

We have to see whether the omission of the electoral roll number of the petitioner is fatal or not. The learned Counsel for the respondent quoted the case of Monks *versus* Jackson (1 Common Pleas Division, page 683) for his argument, that the statute must be followed strictly The statute said that the nomination paper must be delivered by the candidate himself or by his proposer and seconder. It was held that the delivery by an agent, therefore, will not do. In the present case the dispute is over the question whether it is essential that the form in schedule III should be filled up in every particular at the time of the delivery. The case of Hobbs *versus* Mosey (1 King's Bench Division, page 74) was quoted for the principle, that the court had to decide on the validity of the nomination paper itself. The English Law is that the decision of the Returning Officer if disallowing the objection is final, but it is not so, if the objection is allowed. It is subject to reversal on questioning the election (Parker, page 250). The Ballot Act lays down that no election shall be declared invalid by reason of non-compliance with the rules or any mistake in the use of the forms in the schedule, if it appears to the tribunal that the election was conducted in accordance with the principles laid down in the body of the Act. Commentators seem to be agreed that mistakes in the use of forms will not invalidate an election.

Turning to our law it has been recently held that the filling up of the date against the candidate's name is not essential (S. N. Halder *versus* S. N. Mallik). The case of Maharajah Sir Manindra Chandra Nandi *versus* Hon'ble Probash Chandra Mitter (also recently decided), was referred to for the proposition that the nomination paper must be complete on the day of the nomination. As we read that decision the principle laid down was that the candidate must be eligible on the date of the nomination. In the present case there was no question that the petitioner was eligible to stand as a candidate. Only he did not know his electoral roll number. In the rules of 1920 it was not necessary to give this number. He procured the roll number and the Returning Officer was placed in possession of that fact before the scrutiny. It may be mentioned that no objection on this point was taken on the side of the respondent at the scrutiny. The object of the information required to be furnished in the form is to allow the elector or the constituency an opportunity of testing whether the candidate is a duly qualified elector. In this particular case we find that had the descriptions referred to in rule 11 (7) been affixed in a conspicuous place by the Returning Officer, not only the necessary roll, but the name of the candidate (a Rai Bahadur) therein could have been traced therefrom with no more enquiry than would have been necessary, if the nomination paper had been beyond all criticism. We are inclined to hold that, in the particular circumstances of the present case the petitioner should be held to have complied with the provisions as to the completion of the nomination form.

Coming to the case of the respondent it is pointed out by the learned Counsel that the rules do not lay down how the form is to be completed, and, in fact, in the rules the subscription of the candidate as assenting to the nomination comes before the subscription of the proposer and the seconder. It is urged, on the other hand, that the whole scheme is that the nomination should be in writing and be first signed by the proposer and seconder, and then assented to by the candidate. It is argued that a verbal arrangement is not enough and, if allowed to prevail, might lead to absurdities. It does not appear that the nomination paper has to be filled in at any particular time. It may be filled up days before the nomination and it may even be presented to the Returning Officer before the date fixed for the nomination of candidates. So that if Mr. C. R. Das and his proposer and seconder had filled in the paper before he left for Coconada it would have been a good nomination paper when deliverd on the 2nd January 1924 by his proposer and seconder to the Returning Officer. What he did was to sign the nomination paper after he accepted the proposal of his proposer and seconder and leave it with instructions to them to fill up the other particulars. The learned Vakil for the petitioner has quoted the case of Harman *versus* Park (7 Queen's Bench Division page 369), to show that the nomination paper must be fully filled up before it is subscribed by anyone. The case was distinguished in Cox *versus* Davies (2 Queen's Bench Division page 202) on which reliance has been placed by the learned Counsel for the respondent. Here the candidate's name had not been put in when the proposer and seconder signed the paper. It was held that if the signatures of the proposer and seconder were taken for filling in of the name of a candidate that they did not intend it would be a different matter, but that a nomination paper signed before it is properly filled up is not necessarily bad. The present case is slightly different, in as much as the candidate signed first as signifying his assent, and then his proposer and seconder signed afterwards. The learned Vakil asks as to when the nomination was made? The nomination takes place when the nomination paper properly completed and subscribed is delivered to the Returning Officer. The course adopted by

the respondent therefore was somewhat irregular, but does not appear to be contrary to any provisions of law. We do not, therefore, think that the nomination was invalid.

Our conclusion therefore is that the nomination of the petitioner was valid and was wrongly rejected. We also hold that the respondent was duly nominated. The result is that the election of Mr. C. R. Das should be set aside and a fresh election ordered.

In the circumstances of the case, we recommend that the parties do bear their own costs.

No. 5689A.—The 25th April 1924.—Whereas the Commissioners appointed under rule 36 (*2*) (*a*) of the Bengal Electoral Rules to enquire into the petition presented by Maulvi Yaquinuddin Ahmed against the election of Maulvi Kader Bux to the Bengal Legislative Council by the Dinajpur Muhammadan constituency have after due enquiry reported to the Governor that the returned candidate, Maulvi Kader Bux, was duly elected and have recommended that the petition presented by Maulvi Yaquinuddin Ahmed be dismissed.

Now, therefore, in exercise of the power conferred by rule 45 (*3*) of the said rules, the Governor is pleased to order that the said petition be dismissed and that Maulvi Kader Bux be deemed to have been duly elected to the said Council.

The Governor is further pleased to order that in accordance with the recommendations of the Commissioners, the petitioner (Maulvi Yaquinuddin Ahmed) shall pay to the respondent No. 1 (Maulvi Kader Bux) the sum of Rs. 600 as costs.

The following report of the said Commissioners is published in accordance with the provisions of rule 45 (*3*) of the said rules.

Election Case No. 3 of 1924.

versus

Maulvi Kader Bux ... ... *Respondent No. 1.*

Report.

This is a petition by Maulvi Yaquinuddin Ahmad, one of the candidates at the election for the Dinajpur Muhammadan Constituency, challenging the return of the successful candidate Maulvi Kader Bux, respondent No. 1. Briefly stated, the election is challenged on the ground that corrupt practices were committed, viz., (1) a corrupt practice under clause 3 of Part I of Schedule V of the Election Rules in that the agent or agents of the successful candidate's agent procured or abetted the personation of a voter Jhoru Mamud Mandal at the polling station at Ilabra School; (2) a corrupt practice under the same clause in that the successful candidate himself procured or abetted the personation of a voter Kafuruddin Shaikh at the polling station at the Dinajpur Municipal Office; (3) a charge under clause 4 of Part I of the said Schedule in that false statements of fact relating to petitioner's conduct were made in the leaflet referred to as exhibit A in the petition; and (4) a corrupt practice under rule 8 of Part II of the said Schedule in that the leaflet, exhibit A, does not contain the name and address of the publisher thereof on the face of it. On these allegations the petitioner asks that the election be declared void and that he be declared duly elected.

Respondent No. 1, the successful candidate, denies all the charges; he has also in his written statement contended that the election petition filed by the petitioner is not in proper form, and has not been properly verified; he also questions the power to allow amendment of the petition.

Respondent No. 2 has taken no part in the proceedings. We had no hesitation in declining to consider the objections taken by respondent as to the form, verification, and amendment of the petition allowed by His Excellency on the ground that it is not open to us to consider what happened from the filing of the petition to the appointment of the commission. We also held that under rule 33 (*3*) we have clearly power to allow amendment of particulars.

We also decided in respect of petitioner's claim to be declared duly elected that the prayer could not be seriously entertained. Respondent No. 1 obtained 4,380 votes, respondent No. 2 obtained 1,304 votes, and petitioner obtained 190. Petitioner declared in his petition that respondent No. 2 had "agreed that he will not claim his preferential right" and it was asserted at the bar and not denied, though not proved, that a formal deed of release had been executed to that effect. It is clear that such an agreement can have no effect whatever and that it is an interference with the right of the electors of the constituency to select their representative by their votes. Even if there had been no other candidate it is clear to us that when polling has taken place the Commissioners cannot declare a defeated candidate to have been duly elected unless after striking out the invalid votes on both sides it is found that the claimant has polled the largest number of valid votes actually given. We consider in view of the novelty of election proceedings in this country that rule 34 of the Electoral Rules might be amended so as to afford some guidance to petitioners as to the circumstances in which such a claim is proper.

We further decided that as the respondent No. 1 accepted responsibility for the publication of the leaflet, exhibit A of the petition, which is exhibit 2 of these proceedings, and as it did not contain the name and address of the publisher on its face the fourth corrupt practice charged had been clearly made out, but that as the petitioner asserted and respondent No. 1 admitted that the leaflet was distributed by the agents of this respondent the omission could not possibly be held to have materially affected the result of the election. Under rule 44 (1)(*a*) this corrupt practice would not, therefore, invalidate the election. We accordingly declined to frame an issue on this point, but reserved for our consideration the question of what recommendation, if any, should be made by us as to the exemption of the respondent from the disqualification incurred by him.

After deciding these matters we framed the following issues :—

(1) Does the leaflet exhibit A, containing as it does extracts from the report of the Committee on the Amendment of the Bengal Tenancy Act without the observations in the Note of Dissent thereto, amount to a false statement as to the conduct of the petitioner ?

(2) If so, did the respondent No. 1 believe it to be false or did not believe it to be true ?

(3) Is the statement at the bottom of the leaflet, exhibit A, that the committee recommended the proposals to be carried into law false ?

(4) If so, did the respondent believe it to be false or did not believe it to be true ?

(5) Was either of such statements, if false, reasonably calculated to prejudice the prospects of the petitioner's election ?

(6) Is the charge of personation in paragraph 12 (*a*) of the petition established ?

(7) If so, was the personation at the instance of, or with the connivance of, the respondent's agent ?

(8) Is the charge of personation in paragraph 12(*b*) of the petition established ?

(9) If so, was the personation at the instance of, or with the connivance of, the respondent ?

Of these the issues in relation to the leaflet have, at the hearing, been found to be the most important, and we therefore reserve them to be dealt with last of all.

Issues Nos. 6 and 7 relate to the charge of personation at Habra. The only evidence adduced on this charge is that at that polling station the vote of a man claiming to be Jhoru Mamud Mandal was challenged. No further evidence having been adduced by petitioner we decided that no case had been made out which respondent was called on to meet and find that this charge of personation is in no way proved and that issue No. 7 does not arise.

Issue No. 8 deals with the charge of personation at the Dinajpur Municipal Office. It is clearly proved by the evidence on both sides that apart from the man who is said to have personated Kafuruddin six persons only were present in the polling booth, viz. the Presiding Officer, the Polling Officer, the petitioner and his polling agent, and the respondent No. 1 and his polling agent. All these have been examined, and as to most of the facts in connection with the incident there is no dispute. That a man giving his name as Kafuruddin and his father's name as something quite different from Abdul Hakim appeared at the poll ; that his vote was challenged by the petitioner but that he was allowed to vote after identification, the necessary entries being made in the list of challenged votes ; that subsequently another man appeared who gave his name either as Kafuruddin or as something slightly different from it and his father's name as Abdul Hakim, and that his vote was taken on a tendered ballot paper, are undisputed facts.

It was argued before us that personation being a corrupt practice a corrupt motive must be established, and that if a man has an innocent motive, or acts under a *bonâ fide* mistake, he cannot be held guilty of personation. That this is the English law as to personation seems certain, and the same view was adopted in this country in the Punjab South East Towns case reported at page 166 of Hammond's Indian Election Petitions. We are, however, unable to agree with this view and would observe that in the precedent above quoted the Commissioners followed their decision in the Rohtak case (Hammond, page 183) which relates to an offence defined in section 171C of the Penal Code, in which the word "voluntarily" occurs, and not to an offence defined in section 171D in which

no such word is to be found. As our view leads to the apparently absurd conclusion that a man may be convicted of an offence under section 171F, however innocent his intention, we consider it desirable to give our reasons for the view in order that the question of removing this apparent defect in the electoral law may be considered. The definition of personation in the Election Rules and in the Pedal Code is taken from the English Corrupt and Illegal Practices Prevention Act of 1883. By that Act personation is declared to be punishable as a felony. The Act itself is silent as to the motive or intention of the offender, but the doctrine of *mens rea* as applicable to felonies has led to the decision in England that before a corrupt practice can be held to have been committed a corrupt motive (which the later authorities show may exist without any moral corruption) must be established. In this country the doctrine of *mens rea* has been held inapplicable since the passing of the Penal Code on the ground that the definitions of offences in the Code describe the intention, knowledge, etc., which must be proved before a particular offence can be held to have been committed. We are therefore unable to follow the English Courts in applying the doctrine of *mens rea* and are compelled to look to the section itself in the Penal Code and to interpret it as it stands with reference to the various definitions in the Code. The section being silent as to the intention or knowledge of the offender and containing, so far as we can see, no word the definition of which introduces any question of knowledge or intention, it necessarily follows that the offence must be held to have been committed whenever the requisite facts have been proved, regardless of the intention or knowledge of the offender.

There is a further difficulty in the way of our accepting the English rule that a corrupt practice cannot be proved unless a corrupt motive is shown. Every electoral offence described in Schedule V is called a corrupt practice. In English Law there is a clear distinction between corrupt practices and illegal practices, and in the case of the latter motive or intention is immaterial Schedule V includes what are corrupt practices in England as well as what are illegal practices. If therefore the English rule as to corrupt practices be followed, a practice such as the hiring of a liquor shop as a committee room, which is quite clearly meant to be forbidden absolutely, will in this country be permissible if the intention of the hirer is innocent.

We therefore hold that we are not concerned with the honesty or otherwise of the person said to have committed personation, provided his acts fall within the words of the rule. On the evidence before us in this case we are fully satisfied that there is only one entry in the Electoral Roll under which either of the two persons who voted can come, viz, entry No. 36 of Ward D in which the elector's name is given as Kafuruddin and his father's name as Abdul Hakim. We are further satisfied that each of the two persons is qualified and that both should have been on the roll. The first man's name is that given in the roll, but his father's name does not tally; the second man's name is, we are convinced, Kafiruddin *alias* Gafaruddin; he gives his father's name as Abdul Hakim, but in his service roll in the District Judge's office, where he is employed as a process-server, his father's name is given as Hakim Muhammad. While it would appear to be more probable that the entry in the roll is intended to refer to the second man, it is impossible to say with any certainty that it does refer to him and to him alone. Personation is a criminal offence, and before the offence can be held to be established it must be proved that the person entered in the roll is beyond any reasonable doubt some one other than the man charged with personation. We find it impossible to say on the materials before us that either of these two would be voters is, or is not, the voter entered in the roll, nor do we see any chance of obtaining any more light on the matter by calling any further witnesses. We accordingly hold that this charge of personation has not been proved. We wish to add that in coming to this conclusion we have considered the novelty of election procedure in this country and the knowledge of that procedure which may reasonably be expected; but we would respectfully follow the precedent of the Boston case in 1874, which is reported in 2 O'Malley and Hardcastle at page 165 and observe that it by no means follows that either this commission or any other commission will, even on the same apparent state of facts, hold in any subsequent case that the offence of personation has not been committed, for in each case the existing state of knowledge and the existing circumstances have to be considered.

In view of our decision on issue No. 8 the question raised in issue No. 9 does not strictly arise; but as the charge has been made we think it only fair to respondent No. 1 to say that in our opinion even if Kafuruddin, the first comer, had been held guilty of personation, the evidence before us in no way establishes that the candidate himself did anything improper. We have not been asked to, and do not, hold that petitioner has intentionally given an untrue account, but a candidate at an election generally views the acts of a rival candidate through a dense cloud of prejudice and his subsequent recollection of any incident is liable to be affected by prejudice. The polling agent of petitioner admits that the respondent said he did not know the man; and after that statement it is obviously impossible to hold that the candidate was abetting personation. We would however observe that at this polling station the polling agent of respondent No. 1 was the brother of the Presiding Officer. We do not consider the latter in any way affected by this as he had no power to refuse to admit any authorised polling agent and there is no reason even to suspect in the present case that anything improper was done by either of these gentlemen during the voting. But the undesirability of such a close relationship between the Presiding Officer and the polling agent of one candidate is obvious, and we are surprised that the agent in question who is a pleader should not have seen the impropriety of his acting at that particular polling station.

We now turn to the most important question. Although issues Nos. 1 to 5 do not specifically refer to the interpretation of clause 4 of Part I of Schedule V it is necessary to consider that rule. There can be no question that the leaflet, exhibit 2, contains no statement about the personal character or personal conduct of the petitioner, and it has been strongly urged on behalf of the respondent that clause 4 does not apply to statements of fact in relation to the public conduct of a candidate. To decide this point we have found it necessary to refer to the English authorities and we desire to express our indebtedness to the learned pleader for respondent who has furnished us, both on this question and on the other questions of law discussed, not merely with commentaries on the English election law but with various volumes of O'Malley and Hardcastle's reports of English election cases. The contention urged for respondent finds great support from many expressions in the English cases, and the rule we have to interpret is practically a verbatim copy of the English law. But *prima facie* the words "personal character or conduct" do not necessarily show that the conduct must be personal, and apart from considerations arising from the conditions of a particular country which will be dealt with later, there is no apparent principle on which a deliberately false statement of fact relating to the public conduct of a candidate should be permitted by the election law. Only two instances have been brought to our notice or discovered by us in which statements as to what was clearly public conduct have been before the Election Courts in England, but we recognize that this may be due to the fact that the general trend of the English cases is in favour of the view that statements as to such conduct do not concern those courts. The first of the cases referred to is the Cockermouth case (5 O'Malley and Hardcastle, page 155). At page 163 a statement that a candidate voted in Parliament in a particular way is considered. Though holding that this was not a criticism of personal conduct Darling J. proceeded to find that it was to a very large extent true. In the Attercliffe Division case reported in the same volume Walton J. at page 223 states, "Paragraphs 3 and 4 to my mind relate obviously to public acts and to public conduct alone. I do not say that they may not be within the Act;" he then proceeds to decide the case on the ground that the statements are not false statements. We are unable to hold that the English authorities definitely decide that only statements relating to personal conduct and not those relating to public conduct come within the rule. We would observe that it appears to us a matter worthy of serious consideration whether the exclusion of statements relating to public conduct from the purview of the rule is desirable under present conditions in this country. The English law on the subject was only passed in 1895, and if it was intended to exclude public conduct the reason may well have been that the electorate was very largely literate and also in the habit of reading newspapers, which were numerous and widely circulated. False statements as to public conduct would therefore not be likely to mislead most of the electors, and their falsity could be easily and speedily shown. These considerations do not seem to apply to this country as yet, and in view of the damage which could be done to a candidate's prospects at an election by the circulation of false statements as to his public conduct we are very doubtful whether the rule was ever intended in this country to exclude such statements. We are, however, relieved of the necessity of deciding this question definitely in view of our conclusions on the question whether the present case can be brought within the rule at all.

The petitioner's case is that the leaflet deliberately ascribes to him opinions on the amendment of the Tenancy Act which he does not hold. Respondent's case is that the leaflet deals with the report of the Committee and not with the views of the individual members thereof. We are fully satisfied that if the leaflet professes to describe petitioner's individual opinions it contains undoubtedly false statements of those opinions. We also hold that if respondent intended to deal with petitioner's individual opinions he was bound to refer to the latter's note of dissent before asserting as a fact that petitioner held any particular opinion and that if he did not do so he could not expect us to hold that he really believed his statements to be true nor even that he did not know them to be false. On the other hand, we hold that if the leaflet was issued in reference to the report of the Committee there was no necessity to refer to the Minutes of Dissent. We further hold that the statement referred to in issue No. 3 clearly relates to the report of the Committee as a whole and therefore does not come within the rule as to statements about a candidate. We have been asked to hold that if a leaflet contains statements of fact each clearly true, but the inference which would be naturally drawn from them would, owing to the failure to state certain other facts, be false, then there is a false statement of facts in the leaflet. We can find no authority in support of this view and we are not prepared, in view of the undoubted latitude allowed to candidates at elections, to hold that anything except a direct statement of fact can come within the rule. Our decision therefore must depend on the answer to the question, does the leaflet refer to the individual opinions of the petitioner or to the report of the committee as a whole ? After full consideration of the matter we think the answer must be in favour of respondent. We see no reason to doubt his sworn statement in view of the perfect frankness with which he accepted responsibility for the publication, and his assertion receives considerable support from the view of the leaflet expressed in Exhibit B, a letter from one of petitioner's polling agents which the petitioner filed in Court of his own accord. That the fact of the petitioner being a member of the committee was intentionally brought to the notice of the electorate is clear, seeing that his name was placed at the head of the list and Dinajpur was printed after it. But after considering the leaflet most carefully we hold that the statements of fact contained in it with which we are concerned are that a certain committee had submitted a certain report and that

petitioner was a member of that committee. Both those statements are true and as the electoral law so far as we can see does not concern itself with opinions, suggestions, inferences or innuendoes but merely with statements of fact, we hold that petitioner has failed to bring the leaflet within clause 4. We therefore answer issue No. 1 in the negative and hold that issues 2, 3, 4 and 5 do not arise.

To sum up, we hold that of the corrupt practices alleged the first three have not been proved, that the fourth charge under clause 8 of Part II of Schedule V has been proved, but that the corrupt practice did not materially affect the result of the election. We accordingly report that the respondent No. 1, Maulvi Kader Bux, was duly elected by the Dinajpur Muhammadan Constituency. We further report that Maulvi Kader Bux was guilty of a corrupt practice under clause 8 of Part II of Schedule V in that he published the leaflet (exhibit 2) without the name and address of the publisher on the face thereof. In view of his frankness in the matter and of the fact that the cost of printing the leaflet is included in his return of expenses filed before the present petition, we accept his statement that the omission was purely accidental. In view of the unfamiliarity of the electoral law we accordingly recommend that Maulvi Kader Bux be entirely exempted from the disability imposed by rule 5 of the Electoral Rules.

We have considered the question of costs but see no reason to depart from the ordinary rule that a person who fails to establish anything but a very minor part of his case should be mulcted in costs. We accordingly recommend that the costs of respondent No. 1, which we assess at Rs. 600, should be paid by the petitioner to that respondent and that petitioner should bear his own costs.

Report.

This is an election petition from the Calcutta North Non-Mahomedan Constituency. The election was for the Bengal Legislative Council. It took place on 14th November

1923. There were three candidates, Mr. Jatindra Nath Basu of the firm of B. N. Basu & Co., Babu Krista Lal Datta, a former Accountant-General of Bengal, and Dr. Sashi Kumar Sen Gupta. They polled 1,121, 996 and 808 votes, respectively. Babu Jatindra Nath Basu was declared as duly elected. The present petition was filed by Dr. Sashi Kumar Sen Gupta on the 21st December 1923. The petitioner charged Babu Jatindra Nath Basu with being guilty of practically every sort of corrupt practice enumerated in Schedule V of the Bengal Electoral Rules and Regulations. No particulars were given except in respect of the corrupt practice mentioned in Part II, section 5 of the schedule, viz., "the hiring, employment, borrowing or using for the purposes of the election of any boat, vehicle or animal usually kept for letting on hire or for the conveyance of passengers by hire". Paragraph 7 of the petition states that Jatindra Nath Basu *was by himself and other persons on his behalf* guilty of this corrupt practice. Among others nine taxi-cabs were specifically mentioned as having been used by him. There were two numbers given against each taxi-cab, CC series being the numbers of the cabs and 1880 series being numbers said to have been put on them by Babu Jatindra Nath Basu. The petitioner further alleged that on the 18th November 1923 at the counting of votes when the ballot boxes were opened by the Returning Officer, his seals were not found on some of the boxes and their covering bags and some of the seals were found broken and it was further found that the number of the ballot papers in some of the ballot boxes did not agree with the number of the ballot papers as given by the presiding officers in their ballot paper account.

The trial of the petition was fixed for the 8th February 1924. The respondent appeared before that date and submitted that no particulars had been given of the various alleged corrupt practices and that the petition ought to be summarily dismissed so far as it was founded on corrupt practices, of which no particulars were given as required by law. It was pleaded that in respect of paragraph 7 of the petition the particulars were insufficient and meagre. The respondent did not admit the allegation that the seals were found wanting or broken and put the petitioner to strict proof thereof. A copy of this petition was given to the doctor. On the date fixed (*i.e.*, 8th February) the learned Counsel appearing for the petitioner informed us that he would limit his case to paragraph 7 and paragraphs 11-13 and first part of paragraph 14 of the petition, *i.e.*, to the hiring, etc. of the taxi-cabs and the absence of seals on the boxes and bags. The petitioner was directed to give as far as possible particulars "of the other persons on his behalf" mentioned in paragraph 7 and to indicate some voters by name or number who were alleged to have been conveyed in the taxis mentioned in the paragraph. The issues fixed were :—

No. 1. "Was there any hiring, employing, borrowing and using of vehicles as alleged in paraghaph 7? If so, did it materially affect the result of the election?" In respect of the matters mentioned in paragraphs 11-14 we were not satisfied that any rule or regulation was infringed or that the Returning Officer had done anything which he should not have done or that he had not done anything which he should have done. The petitioner was asked by us to make out a *primâ facie* case and the issue framed was

No. 2. Was there any non-compliance with any rule or regulation framed under the Act? If so, has the result of the election been materially affected thereby?

The petitioner supplies for particulars on the 18th February 1924 to the effect that Jatindra Nath Basu either by himself or in his name or through agents in the name of Jatindranath Pal or Bisseswar Sen or Gobardhan De engaged the cabs mentioned in paragraph 7 of the election petition besides other cabs. It was stated that among others one Bhupal Chandra Chakraverty and one Khite Bhusan Das, one Jadunath Pal and one Ahindra Nath Pal, four canvassers and workers on behalf of the respondent accompanied at least 50 voters in the said taxi-cabs and other cabs let out for hire "from the latter's destinations to the polling stations". The names of 11 voters were given. The petitioner had numerous witnesses summoned. He examined 39 including himself. The respondent examined 14 witnesses including himself.

We take up issue No. 2 first. Complaint is made in the petition that the doctor brought to the notice of the Returning Officer the fact of the absence of his seals and requested him to put it on record, but the Returning Officer refused to do so. The Returning Officer, Mr. Roxburgh, was examined and he deposes that as soon as the first bag from Nandalal Bose's house (one of the three polling stations) was produced in its gunny covering, the doctor said he could not find his seal on it. He was asked if his seal was affixed on it. He could not say, but he said that he had been told by his election agent that this had been done. Other boxes were opened. The seals on all four boxes were intact they were locked, Mr. Roxburgh deposed that no tampering was possible, regard being had to the arrangements, though in transit it was possible that a seal or two on the outer gunny bags got broken or fell off. Mr. K. L. Datta, who got a larger number of votes than the doctor was examined by the petitioner and his evidence is that he did not take any action as he thought it was impossible to tamper with the seals. The objection was apparently not serious and was given up as the other boxes were opened. Mr. Roxburgh has deposed that there was no complaint in respect of the ballot boxes themselves. He was able to produce 8 out of 11 bags and he showed that the doctor's seal (which the latter could not find himself) was still intact on one of the bags. One gentleman deposed that he had put the seal on the sewing of the gunny bag; but when shown the gunny bag with the sewing without a trace of any sealing wax, he could not say where he had put the seal. The learned Counsel for the petitioner contended that the petitioner had reason to suspect that the ballot papers had been tampered with. It appears that a discussion was

started in a paper called "Forward" on the subject and it is started without objection that the petitioner's party came to the conclusion that seals on all the bags and boxes in all centres had been tampered with. The doctor has deposed frankly that he did not venture to file this petition until he had the support of his party. It is suggested on the side of the respondent that it is not the doctor's own view which is being put forward but that of the party. All we need say is that the suspicion is entirely imaginary. The doctor has said nothing in his deposition contrary to what Mr Roxburgh told us. The doctor's position is that he wished to draw attention to the subject for future guidance. He desires that gunny bags should not be used, that better bags like postal bags should be used and that there should be a record as to who was in charge of the boxes up to the day of the counting. We can leave the matter there.

The suggestion that there may have been a tampering because of the discrepancy between the figures of the presiding officers and the figures actually found in the ballot boxes appears to be even more groundless. There were nearly 2,000 ballot papers used. The discrepancy is only 5. According to the return under regulation XLIX every ballot paper issued to a voter may not have gone into the ballot box It appears again that voting for the Indian Legislative Assembly was going on at the same time. In this constituency three ballot papers were rejected, because they were meant for the Indian Legislative Assembly. It is possible that these five electors of this constituency put their papers in boxes meant for the Indian Legislative Assembly or did not eventually exercise their right to vote. We were repeatedly asked to send for the ballot papers and hold an enquiry. We are surprised that it should be thought necessary to institute any enquiry on such slender materials. It is not shown that there was any non-compliance with any rule or regulation. Issue No. 2 is decided therefore against the petitioner.

We come to the first issue. Under the English Law it is now an illegal hiring to let or hire or employ or use for the purpose of conveying electors to or from the polls any public stage or hackney-carriage. The offence of illegal hiring becomes an illegal practice when committed by the candidate, election agent or sub-agent and when so committed, the election may be set aside. (Parker, page 294-295). The illegal practice must be brought home to the candidate or his agent. Where several hired motor-cars were lent to a candidate by a friend, but it was proved that, although the candidate had asked the friend for some cars, he did not know and had no reason to suppose the cars sent had been hired, it was held that the friend not being an agent no illegal practice, for which the candidate was responsible, had been committed (East Dorset 6 O'm and H., pages 37 and 48). With us (the section has been quoted above) it is apparently not necessary to show that the candidate or his agent hired the taxis; but on the other hand the election can only be set aside if it is proved that the result of the election has been *materially affected* by the hiring or use of such taxi-cabs.

There is a great conflict of evidence on the point whether taxi-cabs were used at all. On the one hand we have the petitioner and his witnesses asserting that from 1 to 100 taxi-cabs plied all day long displaying Mr. Basu's placards. On the other hand we have the respondent and his witnesses from the different centres denying that there was any taxi-cab at all on their side. Canvassers and workers alleged to have been working for Mr. Basu are produced by the petitioner to show that they used taxi-cabs to bring voters; but Mr. Basu and his men repudiate these allegations. The petitioner's witnesses declare that taxi-cabs were noticed and the matter discussed and the numbers of taxi-cabs taken. Mr. Basu and his men say that the matter was never discussed to their knowledge or at any rate never brought to their notice on the polling day. It again appears that the matter was discussed in the papers and the contention of the defence is that the petitioner's party imagined certain numbers of taxi-cabs which they put in in the original petition and having failed to substantiate their case as regards these they have procured other evidence on which no reliance can be placed. It is urged that no witness will take the responsibility of having furnished the original numbers of taxi-cabs given in the petition. It is pointed out that none of the agents mentioned in the particulars supplied by the petitioner on 18th February 1924 was examined by him and that of the 11 voters mentioned therein only 1 was examined (who did not support the petitioner) and that they produced various other witnesses to prove that about 47 others were taken to the poll in taxi-cabs (8 or 9 have deposed for the defence showing that the evidence of these witnesses is not reliable). It is pointed out that taxi-cab drivers, partisans of Mr. K. L. Datta and the doctor and so-called independent men are produced at the last moment to prove that numerous taxi-cabs were used. Complaint is made that the petitioner was in possession of a volume of evidence which he did not disclose and that he was allowed to examine witnesses in violation and in breach of the directions given and contrary to the law on the subject. Particulars, said Lord Justice Lindley, are in the nature of an indictment (1895, 2 Queen's Bench, p. 152). It is urged that the particulars have been given a go-bye and evidence produced at the last moment with the evident object that the sitting member would not be able to meet it. It is contended, however, on behalf of Mr. Basu that when they have been able to test the evidence produced, it has been found wanting and that the whole evidence produced does not stand the test of examination. It is acknowledged by the learned Counsel for the petitioner that he may not know of the particulars, but that when he has them he should supply them to enable the sitting member to defend his case. His argument was that he did not know them. It appears that Revati Babu, a member of the Congress Party, took charge of the case and he procured the evidence. He may be an estimable man, but although he was present in

Court throughout, he did not come into the witness-box and inform us when and how he was able to get all this evidence. This case is the first of its kind in India and we considered it desirable to take all the evidence offered in order to have as full an enquiry as is possible. The examination of the witnesses is open to the interpretation that most of them had been approached by Revati Babu before the further particulars were furnished and the nature of the evidence in the petitioner's possession was kept back in order to take the respondent by surprise. The question now is whether this evidence should be believed or not

The charge that Mr. J. N. Basu was by himself or other persons on his behalf guilty of employing taxi-cabs has failed. The petitioner did not examine the three agents mentioned in the particulars. The respondent examined Bisheswar Sen. No question was put to him about Mr. Basu or his agents hiring the taxi-cabs. The four canvassers mentioned in the particulars were examined by the petitioner. Bhupal Chandra Chakraverty's evidence is of no assistance. He said that he thought the motor in his charge was a taxi, because the driver was a Sikh. Jadunath Pal, Ahindralal Pal and Khitibhusan Das Gupta have given positive evidence that they worked for Jatin Babu and each says that he brought voters in a taxi-cab. They said that they worked at the instance of Babu Promatha Nath Choudhury. Ahindralal Pal alleged that he went to Jatin Babu's and got a taxi from Jatin Babu and took it to Promatha Babu. Jatin Babu and Promatha Babu (a young zamindar and banker) deny knowing them at all. It is not insignificant that these young men came from 16-1, Abhoy Charan Mitter's Street, where one of the principal canvassers of the doctor, a cousin of Khitibhusan, lived and worked for the doctor. Ahindra deposed that he took among others Sarat Kumar Mitter (the son of a High Court Judge) in his taxi. Sarat Kumar Mitter deposed for the respondent and stated that he did not know Ahindra and that he went to the poll in a private motor-car. The petitioner examined Suresh Chandra Basak who says he noticed about ten taxis working for Jatin Babu and carrying about 25 to 30 voters. He had worked for Jatin Babu before the election day, but had left his work either because he was not getting enough money or because he was not being paid in advance. Obviously this witness has a grievance against Jatin Babu or his agent Durga Charan Babu. Binoy Krishna Roy was examined also as a canvasser of Jatin Babu and he deposed that Hem Chandra Ghosh had given him a taxi. Binoy Krishna's brother Jiban Krishna was examined and he deposed that he was taken to the poll in a taxi by Hem Chandra Ghosh. Hem Chandra Ghosh, who is a relative of Mr. J. N. Basu and who worked for him, deposes that these two men were working for the Swaraj Party and not for Jatin Babu. Jiban Krishna's evidence is that he saw Jatindra Mohan Bose a voter coming in a taxi. The latter (the Senior Assistant of the Director of Industries) has deposed that he was fetched from his office by his son in a car belonging to Jatin Babu's side and he was not cross-examined as to whether it was a taxi. Babu Jatindra Nath Basu is emphatic in his denial that any taxi-cabs were used. He has examined his men from the different centres who are equally emphatic. They are men of responsibility and position. Our impression is that this evidence produced by the petitioner is not reliable.

We do not propose to examine the rest of the evidence at great length. The doctor, his brother a professor, Mr. K. L. Datta and others have deposed that they saw taxi-cabs bearing Mr. Basu's placards. It is not likely that they are telling an untruth. Some taxi-cabs must have been there. It is difficult to say how they came in. It appears that Mr. Basu asked many friends (Marwaris included) to supply their private cars. It is not impossible that some of these friends sent taxis among the private cars. We feel extremely doubtful however that taxis in any large numbers were used.

We learn that the use of taxi-cabs was a feature in the election in Calcutta and the neighbourhood. It appears that Messrs. Cook & Co. have a fleet of about 100 taxi-cabs. About 30 generally are on the road. They bear the number C. C. series. Quite a large number was sent out on election days with the metre removed and the C. C. number covered over by the numbers in 1880 series (1880 being their garage number). The suggestion was that Messrs. Cook & Co. supplied a large number of these cars to Babu Jatindra Nath Basu. It was suggested that Gobardhan De, one of the Directors of the Company, was a relative of Mr. Basu. This was denied by Mr. Basu and Mr. Basu deposed that he had read the rules and had impressed on his agents and workers not to use any taxi-cabs. The petitioner examined Tin Cowri Bosu of the firm of Messrs. Cook & Co., but he did not support the petitioner. His evidence was that the taxis were being got ready for Sitanath Pal (a candidate from another constituency) for his use on the 15th November and that on this particular date, viz., 14th, he sent out only 12 taxis to Sitanath Pal in response to a telepone message from Madan & Co., who ordered the cars for Sitanath Pal. He was positive that no cars were sent out for Babu Jatindra Nath Basu on this date. It appears, however, that Messrs. Cook & Co. are ready to hire out taxis as private cars (after taking the metre out) on advance payment and it seems to us not impossible that some of Mr. Basu's friends might have hired some taxis and sent them out mixed up with their own cars for Mr. Basu's use. The petitioner examined three taxi-drivers who were at the time in the employment of Messrs. Cook & Co., Bimala Kanta, Thakur Pada and Rajendra Pal, and they deposed that they drove out taxis which were used for Mr. Basu's election. According to two of them at least Revati Babu must have been aware of their evidence before the date on which further particulars were furnished; but they are not mentioned therein. Tin Cowri Bose deposes that at this time Rajendra was working elsewhere. Bimala Kanta and Thakur Pada may have driven

taxi-cabs and worked in the election for Mr. Basu; but their evidence that they went out 8 or 9 in number has to be accepted with caution. They are not men who are above influence. It is to be noted that Thkurpada was not even summoned.

The original list given in the petition was obtained by Revati Babu according to the doctor. Now there is some discrepancy in the evidence as to when Revati Babu obtained it. The learned Counsel for the respondent urges that the list must have been obtained after the petition was filed. The list is admitted to have been made by Jiban Krishna Saha, a canvasser of Mr. K. L. Datta. Jiban Krishna deposed that he had given the numbers to Mr. K. L. Datta; but Mr. K. L. Datta denied that he ever consulted Jiban Krishna. Revati Babu is said to have gone to Babu Hari Sankar Pal and the latter sent for Jiban this list and gave it to Revati Babu. Jiban, however tells somewhat different story. We think that the petitioner got the list prepared by Jiban; but there is no guarantee that the list was correctly prepared by Jiban. He was in service at one time in Spence's Hotel for two or three years and was dismissed. He professes even now not to know the reason for his dismissal.

Mr. K. L. Datta made a list himself. He wrote a letter to Mr. Roxburgh at once giving the numbers. It was marked "Private" and "Confidential". Mr. Roxburgh has deposed that 20 or 30 numbers were probably mentioned. Mr. Roxburgh did not preserve the letter. It would be unsafe to act upon the supposition that there were 20 or 30 taxis used. Passions at election time run high. Obviously Mr. Datta wrote to Mr. Roxburgh merely to score a point against Mr. Basu. It may be doubted whether he was serious since he did not keep a copy of the letter and did not intend to follow up his complaint. Another list comes from Pulin Behari Mitter, an election agent of Mr. K. L. Datta. He says he did not show the list to Mr. K. L. Datta. He produced a note-book from which he gave the numbers of 11 cars in 1880 series. Two of these numbers agree with 2 in the list made by Jiban Krishna Saha and mentioned in the original petition. We are not disposed to accept a list flung at us at the last moment. Mr. Basu has deposed that the feeling between him and Mr. K. L. Datta was embittered and it is noticeable that the lists or the effective evidence about taxi-cabs come from his side. The doctor's brother said he had made a list, but he lost it. The evidence is that taxi-cabs were noticed and the matter discussed, but there is a wide divergence between the observation of different people. Mr. K. L. Datta thinks 60 or 70 or even 100 taxis were used. Basanta Kumar Bose, an onlooker, was examined and he deposed that there was a discussion among canvassers, but he could see only one. The evidence of people that they saw 20 or 25 taxis is open to the objection that they may have seen 1 or 2 taxis coming backward and forward and jumped to the conclusion that 20 or 25 taxis were used. If taxis were used in such large quantities, there was nothing to prevent the workers of the rival parties in taking the number and comparing notes and ascertaining the exact number used. Our impression is, therefore, that some taxis were noticed, but not any large number of them and that the matter has been discussed since and the imagination of witnesses fed by such discussion until they have come to the conclusion that a very large number of taxis was used.

It appears that Mr. K. L. Datta had 120 private cars besides horse carriages and he polled only 996 votes. Mr. Jatindra Nath Basu had 110 motor-cars and about 30 carriages. There is no reason to believe that he could not command as many private vehicles as Mr. K. L. Datta. With 140 at his disposal he could have brought his entire body of supporters—1,121 in number—to the poll by putting about 8 voters in each vehicle and by using it only once. Estimates therefore by petitioner's witnesses to the effect that some vehicles carried no less than 15 or 20 voters in the course of the day seem to us to be entirely fanciful. Mr. J. N. Basu's majority over the next candidate—we may note—was 125. If we could believe from the evidence that 50 or 60 taxis were used, we might have held that this was sufficient to show that the result of the election was materially affected thereby, but even then the question would arise whether the voters carried in those taxis would not have voted as they did or would have refrained from voting—if the taxis had not been there. Assuming that 125 voters were so carried and that they voted for Mr. J. N. Basu, if they would have voted for him *in any case* how could it be said that the result of the election was materially affected by their carriage? We note in this connection that the alleged voters who were examined by petitioner were not questioned by him on this point. They were not asked for instance: "Would you have voted as you did if you had had to walk?" If again the vote has to be rejected as tainted it is not impertinent to ask whether the voter knew or had reason to believe that he was being taken to the poll in a forbidden conveyance. It may be a very hard matter to upset an election under section 5, Part II of Schedule 5 read with rule 44; but we are not concerned with that. Holding as we do on the evidence that only a very few taxi-cabs could have been used, our conclusion is that it is not established that the result of the election has been materially affected by such use or employment.

We hold therefore that this election petition should be dismissed. It is a case where some costs ought to be granted to the respondent. We recommend that the petitioner should pay the respondent's costs, Counsel's fees being estimated at 5 gold mohurs for each day of the hearing.

NOTIFICATIONS.

No. 5705A.—The 26th April 1924.—Rules for recruitment to the Bengal Civil Service (Executive) and the Subordinate Civil Service were published in notification No. 1650A.D., dated the 31st July 1913. The decision to substitute competitive examination for the previously existing system of nomination for the recruitment of these services, and the orders issued regarding the introduction of the time scales of pay, have rendered most of these rules inapplicable, and the following revised rules are published for general information :—

Rule 1.—Appointments to the Bengal Civil Service (Executive) and the Subordinate Civil Service will be made (1) by the promotion of selected officers who are already in Government service and (2) on the results of an annual examination.

Rule 2.—The Governor in Council will determine each year the number of appointments to be made during the year to each of these services.

Rule 3.—Of the number of appointments to be made in any one year, ordinarily 35 per cent. in the case of the Bengal Civil Service (Executive) and 20 per cent. in the case of the Subordinate Civil Service will be filled by the promotion of officers who are already in Government service. Nominations for these appointments will be made by the Revenue and the Agriculture and Industries Departments and by the Board of Revenue. The age of an officer nominated under this rule should not save in exceptional circumstances exceed 40 years.

Rule 4.—Rules for the recruitment of these services by competitive examination will be published from time to time in the *Calcutta Gazette.*

Rule 5.—All officers appointed to the Bengal Civil Service (Executive) or the Subordinate Civil Service will be on probation for two years. An officer who has been promoted from the Subordinate Civil Service to the Bengal Civil Service (Executive) will be confirmed at the end of that period, provided that he has shown himself to be fit for the appointment. Officers promoted to the Subordinate Civil Service and all officers appointed on the results of the annual examinations are required to undergo a course of training and to pass the departmental examinations, during this period of probation. Such an officer will become eligible for the increment of pay at the end of the first year's service on passing the departmental examination by the lower standard, provided that he has submitted the records of cases required under the departmental examination rules to

the satisfaction of the Legal Remembrancer. His confirmation in the service and his further increment of pay will depend on—

(*i*) his passing the departmental examination by the higher standard ;

(*ii*) the submission of a certificate that he has undergone the necessary training in treasury work as enjoined by the departmental examination rules ;

(*iii*) the production of a certificate of his ability to ride a horse signed by the District Officer of the district to which he is for the time being attached ; and

(*iv*) his general fitness for confirmation.

Delay in the fulfilment of any of these conditions beyond the normal priesod of two years will render a probationer liable to removal from the service.

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the provinces of Bihar and Orissa, Assam and Central Provinces, and those who come out of the Dacca or the Rangoon University as provided for in rule 5.

(*b*) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (*a*) "Regular Class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry or any Examination equivalent to it.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe. Students who come out of the Dacca and the Rangoon Universities and the candidates from the Central Provinces should apply to the Director of Public Instruction of the respective provinces.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list : –

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	2	0
Total ...	84	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa, one by the Government of Central Provinces and six candidates by the Inspector-General of Civil Hospitals of Assam, six candidates of the Dacca University by the Director of Public Instruction, Bengal, and two of the Rangoon University by the Director of Public Instruction, Burma. These candidates must possess the qualifications mentioned in rule 2 (*a*). In addition, the Bihar and Orissa Government will nominate six scholars, who must have passed the I. Sc. Examination with Physics and Chemistry. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to the College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay fee within a week from the date of the publication of their results, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the winter term. They must also pay the annual Athletic Club fee of Rs. 2 along with their fees for Summer term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs 80 for the whole session in one instalment within the time prescribed above.

12. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

14. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

RESOLUTION—No. 94 T.—A.I.

Minister-in-charge: The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.

READ—

The Annual Administration Report of the Department of Industries, Bengal, for 1922.

The report which covers the official year ending the 31st December 1922 was submitted to Government about eight months after the date on which it was due, *viz.*, the 31st March 1923 with the result that information furnished on many of the heads is now out of date. Enquiry has shown that the delay was inevitable.

2. Dr. D. B. Meek held the office of the Director of Industries, Bengal, for the periods from the 1st of January to the 26th March 1922 and from the 28th November to the end of the year, Mr. A. T. Weston, Deputy Director of Industries acting as the Director during the remaining period of the year. Mr. E. Hoogewerf, Principal, Government Weaving Institute, Serampore, officiated as Deputy Director of Industries in the place of Mr. Weston: he was subsequently appointed to act as Inspector of Technical and Industrial Institutions when Mr. Everett, the permanent incumbent of the post, proceeded on leave on the 30th November 1922 preparatory to retirement. Dr. Rasik Lal Datta held the office of the Industrial Chemist throughout the year. Mr. C. W. Budd was appointed Industrial Engineer on the 15th May 1922 and held that office throughout the remaining period of the year under report. The post of Industrial Intelligence Officer was abolished from the 1st March 1922. The designation of the officers of the department placed in charge of the five divisions of the Presidency was changed from "Circle Officers" to "Superintendents of Industries" during the year.

The report of the Provincial Retrenchment Committee came in for consideration of Government shortly after the close of the year under review. In accordance with the recommendations of the Committee orders have already issued abolishing the posts of all the five Superintendents of Industries. But the question of the strength of the superior staff required for the department is still awaiting decision.

3. Government notice with satisfaction that every possible step was taken by the department to encourage the existing indigenous industries by offering practical assistance and advice and also to explore the possibilities of new industries.

Matches being a requirement of every-day use in almost every household, the question of developing the match industry in Bengal on a commercial scale engaged the attention of the department for some time past. As this industry is obviously dependent upon the regular supply of suitable wood, investigation into the sources of such supply was the essential preliminary step towards the solution of the question. With this end in view a conference was held by the department early in the year with the Conservator of Forests, Bengal, in which it was decided that a detailed survey, particularly of the less valuable timber woods in the foot hills, should be carried out. Mr. A. P. Ghosh, M.S.C.I. (Lond.), who has had a long practical experience of the match industry of Sweden, Germany, France, England, Japan, Burma and India, was appointed for a period of six months to carry out a complete survey of the technical and commercial aspects of the question. Mr. Ghosh joined the department on the 9th October 1922 and has submitted his report since the close of the year. The report is an interesting treatise on the subject and it supplies a considerable amount of practical information about the possibilities of match-making in Bengal which was not obtainable in the only other work dealing with the question, *viz.*, "Mr. Troup's Indian Forest Memoirs", Volume II, Part I. Mr. Ghosh's report has been published for general information and it is now open to sale. The thanks of Government are due to Mr. Ghosh for this useful publication and it is hoped it will prove to be a practical guide to those who are interested in the industry.

The question of the improvement of the cutlery industry at Kanchannagar in Burdwan was brought to the notice of the local Legislative Council on more than one occasion. It is encouraging to learn that some practical steps have been taken by the department in this direction. A conference of the departmental officers was held in April 1922 to discuss the question and the Director of Industries with the Industrial Engineer visited the principal cutlery workshops at Kanchannagar and made several practical suggestions for removing the existing handicaps. One of the principal cutlers was also put in touch with "The Union Cutleries, Limited", a firm which is furnished with up-to-date machinery.

4. The Calcutta Research Tannery was able to maintain, throughout the year under report, its high standard of useful work both in the direction of research and demonstration. The investigation on the commercial utility of tanning materials in the Sundarbans and economic methods of utilizing them

were continued during the year. The investigations on sundry bark (*Hareteria Minor*) and on the manufacture of sole leather from buffalo hides with Babul, Goran and Myrabolans were completed, while investigation of the manufacture of glace kid by the double-bath process of chrome tanning and of the improvement of the quality of chrome upper leather (called in the trade "box-side") manufactured from Indian cow hides continued. In addition to research work the Tannery did a large amount of outside work for the development of the tanning industry of this Presidency in the following directions :—

(1) supplying technical advice,

(2) supplying ready-made treatment materials, and

(3) execution of machine work for small tanneries.

In addition to some minor demonstrations, four demonstrations of an important nature were carried out by the staff of the department during the year, *viz.*, at Chittagong, Bankura, Bolepur (Santiniketan) in Birbhum and at Comilla. As the direct result of these demonstrations many cottage tanners have substituted the modern improved processes of chrome tanning for the primitive methods of vegetable tannage. The demonstration at Bankura was so successful that it was shortly followed by the formation of a *charmakar* co-operative society and a co-operative tannery with a capital of Rs. 6,000. The demonstration at Santiniketan (Bolpur) was equally successful, so much so that the authorities of the University there opened a tanning department for training their students as well as for the benefit of the local *charmakars*. In order to enable the tannery to meet the increasing calls for demonstrations, a peripatetic staff, consisting of a tanning demonstrator, a shaver, a flesher and two labourers was sanctioned as an experimental measure during the year.

5. The weaving industry has received a great deal of public attention, which has been reflected in the press and in the Council, during the past few years. It is a matter of very great satisfaction that the Serampore Weaving Institute has played an important part in improving the industry The work of the institute can be classified generally under the following two heads, *viz.* :—

(1) the training of young men of the *bhadraloy* class, so as to enable them to work small weaving factories and the training of young men of the artisan classes in the latest methods of weaving and dyeing, and

(2) the promotion of the hand-loom industry through the medium of district and peripatetic weaving schools and a special demonstration staff.

The number of students in the higher class was 107, while the students in the artisans class numbered 141. A very interesting and useful development was effected in the institute by the provision made for training women both in the higher and artisan classes. The scheme was sanctioned towards the end of the year under review for a period of one year as an experimental measure. The practical classes were conducted at the hostel rented by the Young Women's Christian Association for the residence of the female students. The experiment proved to be full of promise and sanction has since been accorded to the extension of the scheme for a further period of two years. The thanks of Government are due to the Association and particularly to Miss Wilson who has been in charge of the women's classes and hostels, and who has herself joined as a regular student in the higher class.

The institute is at present located in six rented buildings situated at a considerable distance apart, thus causing difficulty in regular attendance and supervision. In view of the present financial situation it is extremely uncertain whether funds will be available for the construction of permanent Government buildings on the land already purchased for the purpose some

years ago. In addition to the Serampore Institute there are six district weaving schools and eight peripatetic weaving centres in this Presidency.

6. Government notice with pleasure that in spite of financial and other difficulties, considerable headway was made in the development of technical and industrial education. The Board of Control for Apprentice Training, which was appointed with the main object of co-ordinating the practical training given in the workshops with the theoretical training to be imparted in technical institutions, adopted a certain number of model schemes for practical training suitable to various types of workshops. A list of workshops which could be recognized by the Board for the Training of Apprentices was prepared and the courses of instruction to be given therein were prescribed. Recruitment of staff for the Kanchrapara Technical School, referred to in the preceding resolution, is now complete except that the Head Master and the Workshop Instructor have not yet been appointed for want of quarters to be provided by the Railway authorities. Government trust that the Railway Administration will carry out their share of the scheme as early as possible. The construction of buildings for the Calcutta Technical School continued during the year under review and has now been completed. The scheme for the improvement of mining education in the coalfields was also pushed forward and the Mining Instructor and the Assistant Mining Instructor were appointed after the close of the year under review. An important development in the matter of technical education was made by the arrangement with Messrs. Tata & Sons. Ltd., under which, for an annual grant of Rs. 10,000 to be made to the Technical Institute, Jamshedpur, five vacancies should be annually reserved for Bengal, of which two are for Moslems.

The Government Commercial Institute, Calcutta, and the Government School of Art, which continued to do useful work, have since been transferred to the control of the Education Department.

7. It is also satisfactory to note that the department did not lose sight of the importance in the development of industries of organizing markets for local products and securing special concession, where possible. The general question of legislation for extending State aid to industries is now under the consideration of Government.

8. The thanks of Government are due to Dr. Meek and Messrs. Weston and Hoogewerf for their efficient administration of the department and to Mr. B. M. Das, Superintendent, Calcutta Research Tannery, and Dr. Rasik Lal Datta, Industrial Chemist, for their useful research and demonstration work during the year under report. Government are also grateful to the members of the Advisory Board of Industries and of other Boards and Committees connected with the department for the ready and valuable assistance rendered by them.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 23rd April 1924.

Summary.—Light to moderate rainfall was general throughout the Presidency. It has greatly helped the sowings of jute and paddy and revived the prospects of standing crops. Damage to summer rice and mango crop by hailstorm is reported from Malda. The average price of common rice for the province has risen by about 0·37 per cent. as compared with that of the previous week.

J. C. ROY, for *Director of Agriculture, Bengal.*

DACCA, *the 26th April 1924.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for March 1924.

I. **Character of the season.**—The month was abnormally dry and total rainfall was markedly in defect of the normal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Sowing of jute and paddy on *chur* and other low-lands was hindered by the prolonged drought and the progress in these operations is so far less than that of last year. The harvesting of late spring crops and cutting and pressing of sugarcane especially in the Western districts were practically finished.

III. **State of standing crops.**—Summer paddy, wheat, vegetables and other late *rabi* crops still unreaped were not satisfactory as they suffered from continued drought.

IV. **Prospects and probable outturn.**—The outturn of different spring crops for the province, as a whole, averaged 75 per cent. of the normal and that of wheat is expected to range between 60 to 68 per cent.

V. **Damage to standing crops.**—Considerable damage was done to the standing spring crops by continued drought.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was reported to be fair. Sporadic cases of cattle-disease were, however, reported from fifteen districts.

VII. **Failure of pasturage and fodder.**—There has been no failure of pasturage and fodder in the province.

VIII. **Prices of food-grains.**—During the second fortnight of the month the prices of common rice of the cheapest quality rose in five districts, fell in six and remained stationary in the rest of the province. The prices varied from 10½ seers at Jessore to 6½ seers at Rangpur.

IX. **Condition of agricultural people.**—The condition of the agricultural population was reported to be fair.

2. The draft will be taken into consideration on the 24th June 1924, and any objection or suggestion with respect thereto, which may be received by the undersigned before that date, will be duly considered :—

Draft Notification.

In exercise of the power conferred by sub-section (*2*) of section 25 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules for the preparation and publication of the Electoral Roll for the purposes of the election of Councillors to be held under the said Act :—

RULES FOR THE PREPARATION AND PUBLICATION OF THE ELECTORAL ROLL.

Definitions.

1. In these rules, unless there is anything repugnant in the subject or context,—

(*1*) "the Act" means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), as amended by the Calcutta Municipal (No. II) Act, 1923 (Bengal Act XI of 1923); and

(*2*) the "constituency" means the constituency specified in Schedule III or Schedule IV to the Act, as the case may be.

2. The Electoral Roll of every constituency shall be prepared and published by the Executive Officer or such other officer or person as he may from time to time specially appoint in writing in this behalf.

The Executive Officer or such other officer or person shall be called the "Registering Authority" for this purpose, and he may employ such agency as he may think fit for the preparation and publication of the Electoral Roll.

3. The Electoral Roll of every constituency shall be in English, but in order to give it wide publicity, the Executive Officer may, if he thinks fit, also order the publication of a copy in Bengali.

4. On or before the 30th day of November immediately preceding each general election, the Registering Authority shall prepare or cause to be prepared a complete Electoral Roll (hereinafter referred to as the Preliminary Roll) for each constituency containing the names of all persons who appear to the Registering Authority to be entitled to be registered as electors for that constituency.

5. In the case of a constituency other than a special constituency, the Preliminary Roll shall be prepared ward by ward, but the Registering Authority may, if he thinks fit, prepare a consolidated Preliminary Roll for several wards comprising a constituency or part of a constituency. The Registering Authority may also sub-divide the roll in such other manner or into such other parts as he may deem expedient for the purpose of facilitating the preparation of the roll.

6. The names of electors registered in the Preliminary Roll or any part of the Preliminary Roll of any such constituency as aforesaid shall be arranged in accordance with the alphabetical order of the names (in English) of the streets and the numbering of the premises in such streets contained in the said roll or part of the roll as the case may be. Where a person is registered as the representative of any company, body corporate, firm, joint family or other association of individuals, or as the manager of a lunatic or the guardian of a minor, a distinctive sign or mark shall be placed against his name in the Preliminary Roll to indicate the fact. Persons qualified as electors under clause (*b*) or clause (*c*) of sub-section (*1*) of section 20 of the Act shall also have a distinctive sign or mark placed against their names in the Preliminary Roll, unless it is decided to publish their names in a separate part or parts of the Preliminary Roll.

16. Every notice issued by the Revising Authority shall be in writing and shall be served at the address as entered in the Preliminary Roll or at such other address as may be specified by the claimant or objector in his notice of claim or objection, the person objected to being served only at the address given in the roll, provided that a notice may be served by the Revising Authority by sending it to the person concerned by post.

17. The Executive Officer shall cause to be published from time to time on the notice-board at the Central Municipal Office a notice showing generally the dates on which and the places at which the Revising Authority will sit for hearing claims and objections.

It shall be the duty of the Executive Officer to produce all relevant or necessary documents or papers in his power or possession and otherwise render necessary assistance to the Revising Authority in the discharge of his duties.

He shall also decide on any application or reference made by the Registering Authority for making corrections in the Preliminary Roll. For the purposes of the enquiry the Preliminary Roll as published shall be presumed to be correct and complete until the contrary has been proved.

20. The orders of the Revising Authority shall be communicated by him to the Registering Authority, who shall cause the roll to be amended in accordance therewith and shall endorse the same in token that this has been done.

No. 36T.-M.— The 1st May 1924.—The following draft of a notification, which the Government of Bengal (Ministry of Local Self-Government) intend to issue in exercise of the power conferred by sub-sections (*1*) and (*2*) of section 30 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), is published, as required by sub-section (*1*) of section 484 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 24th June 1924, and any objection or suggestion with respect thereto, which may be received by the undersigned before that date, will be duly considered :—

Draft Notification.

In exercise of the power conferred by sub-sections (*1*) and (*2*) of section 30 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules for the conduct of elections of Councillors to be held under the said Act :—

Rules for the conduct of elections.

Definition.

1. In these rules, unless there is anything repugnant in the subject or context, "the Act" means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), as amended by the Calcutta Municipal (No. II) Act, 1923 (Bengal Act XI of 1923).

Appointment of Returning Officers.

2. (*1*) The Executive Officer may appoint as many Returning Officers as he thinks fit, provided that there shall not be more than one Returning Officer for the same constituency, and provided also that no person shall be appointed as the Returning Officer of any constituency of which he is an elector.

(*2*) The Executive Officer may at any time, for reasons to be recorded in writing remove any Returning Officer appointed by him and appoint another in his place, and may also appoint a substitute to act as Returning Officer during any temporary disability of the Returning Officer.

Nominations.

3. The Local Government shall appoint—

(*a*) a date, not later than the fourteenth day after the date of the notification issued under section 45, sub-section (*4*) of the Act, calling upon the constituencies to elect the requisite number of members for the nomination of candidates ;

(*b*) a further date, not later than the seventh day after the first-mentioned date, for the scrutiny of nominations ; and

(*c*) a further date, not less than 10 days from the date of scrutiny of nominations, on which a poll shall, if necessary, be taken ;

and the dates so appointed shall be notified in the constituencies in such manner as the Executive Officer thinks fit.

4. Nominations shall be made by means of a nomination paper in Form I annexed to these rules copies of which will be obtainable at the Central Municipal Offic. Each candidate shall be nominated by a separate nomination paper.

5. On or before the date so appointed for the nomination of candidates, each candidate shall, either in person or by his proposer or by his seconder or by his election agent, between the hours of 12 o'clock in the forenoon and 5 o'clock in the afternoon, deliver to the Returning Officer or to such other person as may be authorised in this behalf a nomination paper completed in Form I annexed to these rules and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder whose names are registered on the Electoral Roll of the constituency :

Provided that a nomination paper signed by a duly authorised attorney on behalf of the candidate shall, for the purpose of this rule, be held to be signed by the candidate himself as assenting to his nomination.

6. Any person whose name is registered on the Electoral Roll of the constituency, and who is not subject to any disability as set forth in section 22 of the Act may, subscribe as proposer or seconder as many nomination papers as there are vacancies to be filled but no more.

7. Every nomination paper delivered under rule 5 shall be accompanied by a declaration in writing subscribed by the candidate in the manner laid down in section 27, sub-section (*2*) of the Act.

8. Any nomination paper which is not received before 5 o'clock in the afternoon on the date appointed by the Local Government for the nomination of candidates shall be rejected.

9. The Returning Officer or other person authorised shall, on receiving a nomination paper under rule 5, inform the person or persons delivering the same of the date, hour and place appointed for the scrutiny of nominations, and shall enter in the nomination paper its serial number and shall sign thereon a certificate stating the date on which and the hour at which the nomination paper has been delivered to him; and shall, as soon as may be thereafter, cause to be affixed in some conspicuous place in his office a notice of the nomination containing descriptions, similar to those contained in the nomination paper, both of the candidate and of the persons who have subscribed the nomination paper as proposer and seconder.

10. A proposer or a seconder once having signed a nomination paper shall not be allowed to withdraw.

11. The Executive Officer shall, on receiving a notice of withdrawal under section 27, sub-section (*3*) of the Act, as soon as may be, cause a notice of the withdrawal to be affixed in some conspicuous place in his office and in the office of the Returning Officer of the constituency in regard to which the withdrawal has taken place.

Scrutiny of nominations.

12. On the date appointed by the Local Government under rule 3 for the scrutiny of nominations, the candidates, their election agents, every proposer and every seconder of each candidate, and one other person duly authorised in writing by each candidate, but no other person, may attend at such time and place as the Executive Officer may appoint, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time.

13. (*1*) The Returning Officer shall then examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or on his own motion, after such summary inquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds:—

(*i*) that the candidate is ineligible for election in accordance with the provisions of the Act, or

(*ii*) that the proposer or seconder is disqualified from subscribing the nomination paper in accordance with the provisions of the Act, or

(*iii*) that there has been any failure to comply with any of the provisions of the Act or of these rules relating to the nomination of candidates, or any failure to comply with the provisions of the Act relating to the deposit to be made by candidates under section 27, sub-section (*3*) of the Act,

(*iv*) that the candidate or the proposer or seconder is not identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer or seconder, as the case may be, or

(*v*) that the signature of the candidate or the proposer or seconder is not genuine.

(*2*) For the purposes of this rule—

(*a*) an entry in the Electoral Roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, subject to the disqualifications referred to in section 22 of the Act,

(*b*) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(*3*) Nothing contained in clause (*ii*), clause (*iii*), clause (*iv*), or clause (*v*) of sub-rule (*1*) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

14. (*1*) The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(*2*) The scrutiny shall be completed on the day appointed in this behalf, and no adjournment of the proceedings shall be allowed.

15. (*1*) On completion of the scrutiny of nominations the Returning Officer shall forthwith prepare a list of valid nominations and cause it to be affixed in some conspicuous place in his office.

(*2*) In the case of uncontested returns the Returning Officer shall report the name or names of the candidate or candidates whom he declares to be elected to the Executive Officer, who shall cause the name or names of the candidate or candidates elected to be published in the *Calcutta Gazette*.

16. If the number of duly nominated candidates is greater than the number of vacancies the Returning Officer shall forthwith publish in the local newspapers, and in such other manner as the Executive Officer may prescribe, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order.

17. (1) If a candidate by whom or on whose behalf the deposit referred to in section 27 sub-section (3) of the Act, has been made withdraws his candidature more than seven days before the date fixed for the election, or if the nomination of any such candidate is refused, the deposit shall be returned to the person by whom it was made; and, if any candidate dies before the commencement of the poll, any such deposit, if made by him, shall be returned to his legal representatives or, if not made by the candidate, shall be returned to the persons by whom it was made.

(2) The deposit made in respect of a candidate shall, if it is not forfeited, be returned to the candidate or to the person who has made the deposit on his behalf as soon as may be after the publication of the result of the election.

18. If a candidate who has been duly nominated dies after the date appointed for the scrutiny of nominations and before the date appointed for the taking of a poll, the Returning Officer shall, upon being satisfied of the fact of the death of the candidate, countermand the poll and report the fact to the Executive Officer, and all proceedings with reference to the election shall be commenced anew in all respects as if for a new election:

Provided that no fresh nomination or deposit shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

Polling.

19. The Executive Officer shall appoint the hour at which the poll shall commence and the hour at which it shall close on the date appointed by the Local Government for the poll. The hours so fixed shall be published by notification in the local newspapers, and in such other manner as the Executive Officer may direct.

20. (1) The Executive Officer shall select for each constituency as many polling stations as he thinks necessary and shall publish in such manner as he may prescribe a list showing the polling stations so selected and the polling areas for which they have respectively been selected.

(2) The Executive Officer shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

(3) The Executive Officer may make separate arrangements for the recording of votes by female electors.

21. (1) The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(a) the polling officers, the candidates, their election agents and one agent of each candidate (hereinafter referred to as the polling agent) appointed in writing by the candidate, and authorized in this behalf by the Executive Officer,

(b) the police or other public servants on duty, and

(c) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

(2) The presiding officer shall close the polling station at the hour appointed in that behalf by the Executive Officer under these rules so as to prevent the admission thereto of any elector after that hour, provided that all electors present at the polling station before it is so closed shall be entitled to have their votes recorded.

22. Each polling station shall be provided with such number of compartments as the Executive Officer thinks necessary, in order to enable electors to mark ballot papers as quickly as possible and screened from observation.

23. (1) The Executive Officer shall provide at each polling station materials sufficient for the purpose of enabling electors to mark the ballot papers, instruments for stamping the official mark on such papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(2) The official mark shall be kept secret.

24. Every ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

25. Before commencing the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in Bengali and in such other vernacular (if any) as to the presiding officer may appear to be necessary.

26. Immediately before a ballot paper is delivered to an elector, it shall be marked on the back with the official mark, and the number, name and address of the elector as stated in the electoral roll shall be called out, and the number of the elector shall be entered on the counterfoil, and a mark shall be placed in a copy of the electoral roll

against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. The counterfoil shall bear the name of the constituency and the name or distinctive number of the polling station shall be entered thereon by either the presiding officer or the polling officer.

27. The elector, on receiving the ballot paper, shall forthwith proceed to one of the screened compartments in the polling station set apart for marking ballot papers by electors, and there make a mark on the ballot paper against the name of the candidate or candidates for whom he intends to vote in accordance with the orders set out on the counterfoil paper, and fold it up so as to conceal his vote, and shall put his ballot paper, so folded up, into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

28. If the elector, owing to illiteracy or physical or other disability, is unable to read a ballot paper or to make a mark thereon, the presiding officer or polling officer shall mark the vote in the ballot paper according to the direction of the elector. The elector shall then himself, or with the assistance of the presiding officer, put the ballot paper folded up into the ballot box.

29. At any time before a ballot paper is delivered to an elector, the presiding officer or polling officer may, of his own accord, if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or his election agent or polling agent, put to the elector the following questions:—

(1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,

(2) Have you already voted at the present election in this constituency as such voter?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

30. The ballot paper shall be in Form II annexed to these rules and shall contain the names of the candidates arranged alphabetically in the order of their surnames in English. The names may be printed in such vernaculars as the Executive Officer thinks fit having regard to each constituency. The ballot papers shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

31. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to mark a ballot paper in the same manner as any other elector. Such ballot paper (hereinafter referred to as a "tendered ballot paper") shall be of a colour different from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the elector and his number on the electoral roll and the name of the electoral area to which the roll relates and shall be set aside in a separate packet and shall not be counted by the Returning Officer. The name of the elector and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form III annexed to these rules, which shall bear the heading "Tendered votes list." The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

32. If any polling agent declares in writing and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form IV annexed to these rules) his name and address, or if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in rule 29 answers the first question in the affirmative and the other question in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

33. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

34. A presiding officer, polling officer, election agent or polling agent who is on duty at a polling station at which he is not entitled to vote shall, if he is certified by the Returning Officer of the constituency in which he is entitled to vote, to be entitled to vote at the election for the constituency in connection with which he is employed or for any other constituency, be allowed to record his vote at that polling station. For this purpose he may use one of the ballot papers at such polling station, and he shall enter in the counterfoil of the ballot paper the name of the polling station, etc.

35. Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in rule 34 to the Returning Officer who has granted the same, and such Returning Officer shall cause such vote to be included among the other votes given for the candidate designated by the elector.

36. The presiding officer of each polling station, as soon as practicable after the the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal,—

(1) each ballot box in use at each station unopened but with the key attached ;

(2) the unused ballot papers ;

(3) the tendered ballot papers ;

(4) the spoilt ballot papers ;

(5) the marked copy of the electoral roll ;

(6) the counterfoils of the ballot papers ;

(7) the tendered votes list ; and

(8) the list of challenged votes ;

and shall deliver such packets to the Returning Officer.

37. The packets shall be accompanied by a statement in Form V annexed to these rules made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under the rules.

Scrutiny of votes.

38. The Executive Officer shall appoint a date, time and place for the *counting of votes* and shall give notice in writing thereof to all candidates and election agents. Such date must not be later than a week after the polling day.

39. (*1*) No person shall be allowed to be present at the *counting of the votes* except the Returning Officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under section 29, sub-section (*5*) of the Act.

(*2*) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

40. On the day and at the time appointed under rule 38 the Returning Officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present and shall then proceed as follows :—

(*a*) The ballot box or boxes relating to each polling station shall be opened one after another, and the Returning Officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shown to any candidate or agent.

(*b*) The Returning Officer shall then mix together all the ballot papers so taken out from the ballot boxes and distribute them in convenient bundles to the persons appointed to assist in counting the votes.

(*c*) When the ballot papers have been so distributed, but not before, the Returning Officer shall allow the candidates and their agents reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "Rejected." If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.

(*d*) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes ; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or agents as may desire to affix them and shall cause adequate precautions to be taken for their safe custody.

41. (*1*) A ballot paper shall be rejected if—

(*a*) it has not on its back the official mark,

(*b*) the number of votes recorded thereon exceeds the number of vacancies to be filled,

(*c*) no vote is recorded thereon,

(*d*) it is void for uncertainty,

(*e*) it bears any mark by which the elector can be identified.

(2) The decision of the Returning Officer as to the validity of a ballot paper shall be final, subject only to reversal by the orders of a Court of competent jurisdiction.

42. The Returning Officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under the instructions by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then re-close and re-seal each packet which has been opened by him, and shall record on each packet a description of its contents and the date of the election to which it refers.

43. The Returning Officer shall then prepare and certify a return setting forth—

(1) the result of the verification referred to in the rule,

(2) the names of the candidates for whom valid votes have been given,

(3 the number of valid votes given for each candidate,

(4) the name of the candidate elected,

(5) the number of votes declared invalid, and

(6) the number of tendered votes given,

and shall permit any candidate or any representative duly authorised under the rules to take a copy of or an extract from such return.

44. The Returning Officer shall, after reporting the result of the election, forward the return and all the packets relating to the election in his possession to the Executive Officer.

45. While in the custody of the Executive Officer the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a Court of competent jurisdiction but all other documents relating to the election shall be open to public inspection subject to such conditions as the Executive Officer may impose.

46. The packets aforesaid shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the Executive Officer or by a Court of competent jurisdiction.

For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

14. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

20. The following are the curricula of the College :—

22. If on account of the death, resignation or dismissal of any College scholar, a scholarship falls vacant, such scholarship will be awarded to the next best student in the list of the last Scholarship Examination, or to such other student as the Principal may consider fit.

23. Holders of the College scholarships, any other Government scholarships or Trust Fund scholarships administered by Government are not eligible for the Durga Charan Laha Scholarship. Similarly, a student already holding a scholarship, either on the result of the University Examination or granted by Government, is not eligible to compete for the College scholarships.

24. Regular students, who at any time are referred for a second year of study in all the subjects of one curriculum, are thereby rendered ineligible for any of the stipendiary scholarships awarded by the Government of Bengal. RESOLUTION ON THE REPORTS FROM THE COMMISSIONERS OF DIVISIONS ON THE WORKING OF MUNICIPALITIES IN THE BENGAL PRESIDENCY (EXCEPT CALCUTTA) DURING THE YEAR 1922-23.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

CALCUTTA, THE 28TH APRIL 1924.

RESOLUTION No. 2400M.

READ—

Reports from the Commissioners of Divisions on the working of municipalities in the Bengal Presidency (except Calcutta) during the year 1922-23.

1. **Number of municipalities.**—The number of municipalities rose from 116 to 117 owing to the establishment of a municipality at Rajbari in the district of Faridpur. The boundary of the Khulna municipality was extended so as to include the whole of the Khulna Railway yard of which only a portion was hitherto included. There was no alteration in the boundary of any other municipality. The name of the "Rampur Boalia" municipality has been changed to "Rajshahi" municipality.

2. **Elections.**—General elections were held in 20 municipalities as against 11 in the year preceding. They were generally very hotly contested and the number of civil suits and objections was higher than in the preceding year. At the election in Ward No. V of the Hooghly-Chinsura municipality excitement ran so high that the crowd became unmanagable and the election meeting broke up in confusion and a fresh election had to be held on a subsequent date. Two civil suits have been instituted by two of the defeated candidates of the Bally municipality for Wards I and IV, respectively. At Comilla objections were filed before the District Magistrate against all the elections but all of them were rejected after hearing. These were followed by five civil suits, four of which were rejected but one is still pending. Prayers for injunctions restraining the formation of the new Board were disallowed by the original and the appellate Courts. At Assansol where the elective system was first introduced during the year under report, all the seats were keenly contested. The elections in Wards III and IV gave rise to two contested civil suits. The suit in Ward No. III has been disposed of, the election of the successful candidate having been declared null and void. The other suit which aims at upsetting the whole of the election proceedings is still pending. It is regrettable that the dilatory procedure involved in civil suits arising out of municipal elections rendered the elective system completely nugatory in several cases. The civil suit in connection with the Dacca municipality referred to in last year's report was disposed of, the Court issuing a perpetual injunction restraining the elected candidate from sitting on the Board. An appeal has been filed and is still pending. In the case of the Manicktola municipality fresh elections in Wards II and III could not be held during the year under report as an appeal is still pending before the High Court against the decision of the Session Judge confirming the decree of the Lower Court, which set aside the elections held in 1919-20. The ballot system has worked satisfactorily everywhere with the solitary exception of Nabadwip where the Chairman was accused of gerrymandering and has since resigned.

3. **Meetings.**—Out of 2,360 meetings held during the year 266 either proved abortive or were adjourned. The failure was most marked at Birnagar where all the 14 meetings held failed. Jainagar where 5 out of the 13 meetings failed showed some improvement over last year but the result is yet far from satisfactory. At Suri and Katwa about one-fourth of the meetings failed. The Panihati municipality still holds the record for the largest number of meetings held, *viz.*, 45 while the Commissioners of the Khirpai, Champdany, Debhatta and Rajbari Municipalities failed to meet once a month. The attendance of Commissioners was on the whole fair. The highest percentage was 86·3 in the Kamarhati Municipality and the lowest 21·6 in Perojpur.

4. **Ratepayers and Voters.**—The total number of ratepayers was 328,789 against 327,239 in the preceding year, the percentage on the total population being 15·08. The highest percentage was 40·04 at Sherpur in the district of Bogra, the lowest being in the mill area at Titagarh with 3·1. There was an appreciable increase in the number of rate-payers at Baraset, Rajpur, Nabadwip and Tollygunge and also in eight municipalities in the Rajshahi Division. The increase at Nabadwip is said to be due to settlement of newcomers. This is a healthy sign of the growth of the town. On the other hand, there was decrease at Krishnagar, South Suburban and Jessore, owing to desertions. Rajshahi, Rangpur, Dinajpur and Pabna also report decrease, but no explanations have been given.

5. **Assessment and Taxation.**—The incidence of taxation shows a steady increase. It was Rs. 2-11-7 in the year 1920-21, Rs. 2-12-2 in 1921-22, and Rs. 2-14-0 during the current year. It is gratifying to find that the incidence of income shows the same upward tendency, the figures being Rs. 3-7-8 during 1920-21, Rs. 3-9-0 during 1921-22 and Rs. 3-11-7 during the current year. The maximum divisional average incidence of taxation was Rs. 3-11-3 in the

Burdwan Division and this is followed closely by the Rajshahi Division with Rs. 3-3-3. The average amount paid by each ratepayer in the Presidency was about Rs. 19-2-2 against Rs. 17-14-1 during the preceding year.

A general or partial revision of assessment was made in 69 municipalities while the revision made during the year under review will take effect from 1st April 1923 in three other towns. The revision produced an increase of over three lakhs of rupees in the municipal demand of the Presidency as a whole. The largest increases were obtained in the municipalities of Howrah (Rs. 1,83,765), Naihati (Rs. 27,570), and Tollygunge (Rs. 23,636). The revision of assessment in the Midnapore municipality made by an honorary assessor created much discontent among the ratepayers, many of whom filed complaints and in some cases combined not to pay the revised tax. The question of appointing an assessor under section 111 A of the Bengal Municipal Act to make a fresh revision is under the consideration of Government.

6. **Collections.**—There was a satisfactory increase of Rs. 3⅞ lakhs in collections, the percentage on the current demand rising from 94·3 to 95·2. In 35 municipalities the collections were equal to or in excess of the current demand and in 12 they were over 99 per cent. On the other hand, the ratio was under 85 per cent. in 10 municipalities, falling as low as 72 per cent. in Naihati. The low percentage at Naihati is ascribed to a large number of protests from the ratepayers against enhanced taxation and to the dispute with the Railway and the local jute mills. As in the previous year, Garulia and Nalchiti alone collected the full demand without any remission. The amount of remissions was practically the same as in the previous year and represented 3·6 per cent. of the current demand. The small municipalities of Satkhira and Budge-Budge remitted more than a quarter of their current demand while five others, viz., Taki, Jaynagar, South Dum-Dum, Naihati, and Bhola, remitted more than 10 per cent. The high remission in Budge-Budge was a result of the settlement of the dispute with the mills. In Taki and Naihati it was due to reduction of assessment granted on appeal. No explanation has been given for the high percentage of remission in other municipalities.

In the Presidency as a whole the balance outstanding at the close of the year amounted to Rs. 9,88,037 against 8½ lakhs in the previous year and Rs. 7,06,896 in the year 1920-21. The Minister for Local Self-Government regrets to observe that the accumulation of such heavy arrears reflects credit neither upon the municipal commissioners nor upon their executive. Howrah shows the largest balance outstanding, viz., Rs. 4,03,903, which is due to the general revision of assessment in Wards Nos. 4 and 8 being followed by appeals. The Chairman reports that of this large accumulation a sum of Rs. 1,57,542 has been realised since the close of the year. Other municipalities which had unduly large balances outstanding were Cossipur-Chitpur, Tollygunge, Budge-Budge, Hooghly-Chinsurah, Mymensingh, Dacca, Bally, Bankura and Chittagong. In the case of the first-named municipality the balance (Rs. 40,234) represents only 4·9 per cent. of the total demand. The balance in Tollygunge was due to delay in the disposal of appeals against the revised assessment and non-payment of taxes by the Eastern Bengal Railway and the Royal Calcutta Golf Club. The greater portion of the unrealised balance in Budge-Budge was due from the mills. The arrears in Hooghly-Chinsurah are reported to be due to the favour shown by municipal commissioners to their friends and relatives; in Mymensingh they were due to the non-disposal of petitions of objection against assessment. In other cases no satisfactory explanations have been furnished but the following remarks of the Commissioner of the Presidency Division would no doubt account for the heavy arrears in the majority of the cases :—

"Few of the municipalities comply with the provisions of their own account rules about the method of the realization of taxes. Generally warrants are not promptly issued and warrant fees are remitted—a direct encouragement to a person to pay his rates long after they are due."

7. **Income and Expenditure.**—The total receipts including opening balances fell from Rs. 1,14,79,564 to Rs. 1,12,83,825, the decrease under the heads "Extraordinary and Debt," "Opening balances," and "Revenue derived from municipal property, etc.," counterbalancing the increase of about Rs. 5 lakhs in receipts from taxation and grants and contributions. Expenditure rose from Rs. 92,95,041 to Rs. 94,44,329, the largest increase being under the head "Extraordinary and Debt."

8. **Closing balances.**—The year closed with an aggregate balance of Rs. 18,39,496 as compared with Rs. 21,84,523 in 1921-22. About one-third of the municipalities closed the year with balances exceeding one quarter of the total expenditure. Six municipalities had closing balances of over a lakh, viz., Howrah (Rs. 2,93,445), Darjeeling (Rs. 1,98,471), Cossipore-Chitpur (Rs. 1,58,582), Maniktola (Rs. 1,13,894), Garden Reach (Rs. 1,10,700) and Dacca (Rs. 1,02,417). No explanation has been furnished for the large balance in Howrah, except that it includes a short-term deposit of Rs. 2 lakhs with the Imperial Bank of India. In other cases the major portion represents the unspent grants and loans received from Government and reserve funds for sanitary and other purposes. On the other hand, a number of municipalities failed to keep adequate working balances and in several cases they were insufficient to meet outstanding liabilities. In the case of Narayanganj, Muktagacha, Mymensingh, Baraset, Nabadwip, Jessore, and Debhatta the outstanding liabilities largely exceeded the closing balances. The worst offenders in this respect were Perojpur which had an outstanding liability of no less than Rs. 2,204 against an actual balance of Rs. 146 only, and Berhampore which closed the year with a sum of Rs. 3,595 only in hand but with liabilities exceeding Rs. 17,000.

9. **Education.**—The amount spent on education including the Government grant of Rs. 88,708 was Rs. 3,56,200 or about 4·4 per cent. of the municipal income as against 4·3 per cent. in the preceding year. The expenditure incurred by all municipalities on primary education showed an increase of over Rs. 20,000. Seventeen municipalities, however, or one in seven, failed to spend under this head 3·2 per cent. of their ordinary income—the percentage which is taken to represent the amount required for the education of half the number of boys of primary school-going age. On the other hand the percentage was over 5 per cent. in 46 municipalities and over 10 per cent. in twelve, including Nalchiti which devoted about two-thirds of its income to primary schools. None of the municipalities for which a scheme for improvement and expansion of primary education was drawn up by Mr. E. E. Biss, could make any appreciable progress towards its execution except South Suburban which started two primary schools in March 1922, and Kanchrapara which took steps for acquiring land for the proposed schools. The Cossipore-Chitpur municipality could not spend the Government grant of Rs. 20,000 towards its scheme as the proposal for the acquisition of land did not advance. There are at present no municipal schools in Darjeeling. The primary education scheme could not be carried out there for want of funds, except that a school building with attached quarters and out-houses was built at a cost of Rs. 66,764. The Scottish Mission have been allowed the use of the premises where they are holding Mission schools.

10. **Water Supply.**—The provision of a pure water supply is one of the greatest needs of Bengal towns, which, however, are unable to bear the expense of constructing water-works without large grants from Government. Of late years the amount which Government were able to contribute has been curtailed on account of financial stringency, and the execution of many useful schemes has consequently had to be deferred. A grant of Rs. 50,000 was, however, made towards the Raniganj water supply scheme and an equal amount was sanctioned for the Comilla municipality, where a start was made

with the much-needed water supply scheme. The supply of water at Dacca and Mymensingh was considerably improved by extending the street mains and erecting additional standposts. The scheme for the improvement and extension of the Bankura water works was sanctioned, Government agreeing to bear one-third of the cost. The well sunk to tap the supply of water, however, ended unexpectedly in a hard rock where the experimental borings had indicated the existence of yellow sand and the scheme had consequently to be altered. Schemes for the extension of the filtered water throughout the entire area of Naihati and to the Mahesh and Chatra wards of the Serampore municipality are now before Government. No material progress could be made with the water supply schemes of the Faridpur and Bally municipalities for want of funds, and the proposed improvements to the Chittagong water works had to be postponed for the same reason.

As usual, the suburban municipalities of Cossipur-Chitpur, Maniktola, Tollygunge, South Suburban, and Garden Reach were supplied with water from the Calcutta mains while several other municipalities in the Presidency Division got their supply from the local mill filters. A sum of Rs. 4,732 was spent by the Garden Reach municipality for sinking a tube-well and purchasing an oil engine and pump for augmenting the existing supply. The Minister for Local Self-Government considers this to be a move in the right direction and hopes that other municipalities will follow the example. The Eastern Bengal Railway authorities supplied filtered water to portions of Wards I, II and IV of the Kanchrapara municipality and the municipal commissioners expect to supply the remaining area from a large tube-well recently constructed by the Railway. The Berhampore water works were in a deplorable condition and in need of many urgent improvements while the water-rate fund had heavy liabilities to clear up. The inability of the municipal commissioners to make these improvements out of their increased revenue derived from the revision of assessment was brought to the notice of Government and a special grant of Rs. 10,000 was made from provincial revenues after the close of the year on condition that the municipality should take a loan of the same amount to clear the liabilities and temporarily transfer the management of the water works to the Public Health Department of Government. Baruipur constructed six more tube-wells and Budge-Budge re-excavated a reserved tank. An experimental bore hole was sunk at Patuakhali to a depth of 450 ft., but as the water proved to be saline and unfit for drinking, it was decided to sink the bore hole to a further depth of 150 ft. at a cost of Rs. 7,200 half of which will be contributed by Government. A trial boring was also carried out at Pabna with the aid of Government and District Board grants. Bogra had a two-inch tube-well installed in the town. Tube-wells furnish a generally reliable and a comparatively cheap source of water supply, and the Minister for Local Self-Government desires that where trial borings prove a success, this method of water-supply will be extensively adopted, particularly by small municipalities which cannot afford a more expensive system of water-works.

In some municipalities the water supply is obtained from tanks; where this is the case it is clear that the commissioners should be more vigilant and active in their measures to reserve the tanks against pollution.

11. **Drainage.**—Minor works were carried out at Asansol, Jessore, Madaripur, Jhalakati, Patuakhali, Bhola, Bogra, Comilla, Chandpur and Chittagong. At Darjeeling particular attention is paid to surface drainage which is brought down by means of graded surfaces to road-side drains and is delivered therefrom to streams or *jhoras*. The new method of flushing by tippers proved satisfactory. In Kurseong, the removal of the main galley pit constructed on certain drains stopped the nuisance which was reported last year. The drainage scheme for Ward No. 1 of the Krishnagar municipality was kept in abeyance for want of funds and that for the Basirhat municipality was not sanctioned as Government were not in a position to make a grant. The supplementary scheme for the English Bazar municipality was pending with the Executive Engineer, Public Health Department.

12. **Conservancy.**—The total conservancy charges during the year amounted to Rs. 21 lakhs which was about Rs. 5 lakhs in excess of the receipts from latrine fees.

The sewerage scheme for Dacca was in progress and that for the Titagarh municipality was sanctioned after the close of the year. The Kamarhati and Bhatpara sewerage schemes were under consideration while that for Naihati was held in abeyance for want of funds.

13. **Public Health.**—The Minister observes with satisfaction that the municipalities have been taking an increasing interest in matters relating to Public Health. Measures for the improvement of sanitation were taken up in many towns by filling up, cleansing or disinfecting insanitary tanks, ditches and *dobas* and removing jungles and noxious vegetation. Notices were also issued on the owners of insanitary tanks requiring them to have these filled up or re-excavated. In Maniktola alone the owners were persuaded to fill up no less than 26 tanks. In Cossipur-Chitpur 22 insanitary tanks were filled up by their owners. In Baranagar two tanks were filled up and four were re-excavated. In Sherpur 10 insanitary ditches were filled up and four tanks were re-excavated by their owners. In Murshidabad all municipal wells were dewatered and cleared of silt. The municipality also completed the construction of the Gobardhan Nullah drain with a Government contribution of Rs. 2,000. In Bhatpara about 40 bighas of the Kamarhati bustee was raised and the filling up of borrow-pits in about four bighas of land was in progress. In Brahmanbaria an insanitary plot of land was acquired and improved by filling up ditches and drains and by excavating two tanks.

Preventive measures were undertaken by a large number of municipalities to check the spread of epidemics. Medicines and disinfectants were freely distributed and special doctors were appointed where necessary. Unwholesome food-stuffs were either destroyed or removed from the local bazars, and persons selling such articles were prosecuted. The Baranagar municipality instituted 35 prosecutions under section 6 of the Bengal Food Adulteration Act, all of which resulted in conviction. In Jessore the Sanitary Inspector regularly inspected food-stuffs and detected some cases of adulterated ghee. Four prosecutions were started which ended in conviction. In the Kotechandpur municipality the sale of confectionary articles and fish was controlled under the supervision of the Municipal Health Officer. At Dacca a considerable quantity of unwholesome food-stuffs was destroyed. Some of the municipalities arranged lantern lectures and distributed health leaflets throughout their areas for the purpose of educating the people on sanitation and public health.

Effective steps were taken to prevent the spread of cholera which broke out in several municipalities. In the district of Bankura all the municipalities followed the instructions issued by the Director of Public Health on the subject. When an outbreak occurred people were warned against using the water of suspected tanks and wells. Other tanks were guarded against pollution. In Bankura and Vishnupur a stock of disinfectants was kept for free distribution. The Bankura municipality treated the indigent cholera patients free of charge.

In the Murshidabad municipality public and private wells were periodically disinfected with permanganate of potash and chlorogen, and public drains were regularly flushed with phenyle and chloride of lime. At Khulna, during a widespread epidemic of cholera, the town was saved from contamination by timely measures of prevention, such as disinfections of tanks and houses, and the distribution of health leaflets. Small-pox broke out in epidemic form at Berhampore and Rajshahi, but timely action of the Commissioners prevented any serious extension of the epidemics.

Stringent measures were taken up by a large number of municipalities to vaccinate and re-vaccinate children and primary and secondary vaccinations were in most cases given free of charge. Many of the municipalities employed permanent vaccinators for the purpose.

The intensity of malarial fever was checked in many municipalities by filling up and disinfecting insanitary tanks, etc. As an anti-malarial measure quinine and cinchona febrifuge were also freely distributed by many municipalities. Influenza tabloids were also distributed free to the poor by many municipalities.

Except for comparatively slight outbreaks of relapsing fever, the town of Darjeeling was free from epidemic diseases. Influenza became endemic and was responsible for one-seventh of the total mortality. Serious overcrowding and lack of sanitary dwellings in certain areas of the town gave rise to a high percentage of deaths from tubercular disease, and phthisis accounted for 14·3 per cent. of the total mortality. Except for a short-lived outbreak of influenza at the beginning of the year, the health of the town of Kurseong was, on the whole, fairly good.

In Chittagong and Barisal there were no Health Officers and the public health work was managed by the Sanitary Inspectors; the appointment of Health Officers, which is a statutory obligation, was insisted upon the Municipal Commissioners. At Berhampore a Health Officer was appointed towards the close of the year.

By-laws were framed by a number of municipalities for the eradication of the water-hyacinth, and notices under section 200 of the Bengal Municipal Act were issued by some of them for the removal of this pest from tanks and waterways.

14. **Public Works.**—The percentage of the outlay on public works to the total expenditure varied in the smaller towns from 1·3 in Katwa to 52·08 in Kharar and in larger municipalities from 4·6 in Serampore to 40·8 in the South Suburban municipality.

The Baranagar municipality expended Rs. 22,894 in the construction of its Office building in a part of which a local library is proposed to be located.

15. **Loans.**—Loans amounting to Rs. 1,35,001 were granted to five municipalities, viz., Burdwan (Rs. 30,000), Raniganj (Rs. 50,000), Howrah (Rs. 36,334), Dacca (Rs. 15,000), and Faridpur (Rs. 3,667). Altogether 43 municipalities were in debt to Government, their total liabilities amounting to more than Rs. 39 lakhs. South Suburban, Birnagar and Bhola fully liquidated their loans.

16. **Audit of Accounts and Embezzlements.**—The accounts of almost all municipalities except Gobardanga were audited during the year. Embezzlement or misappropriation of municipal money occurred in Bankura, Hooghly-Chinsura, Maniktola and Baraset. The amounts misappropriated, which are not reported in all cases, were, however, realised from the culprits and the officers concerned were dismissed. The longstanding question of embezzlement of hackney-carriage fees of the Rajshahi municipality, which dates back to 1919, was brought to a final decision after the close of the year with the result that the hackney-carriage inspector was discharged and the officiating tax daroga was transferred to a less responsible post.

The municipal authorities of Comilla took prompt and suitable action in remedying the defects and irregularities pointed out by the Examiner of Local Accounts. Unfortunately, however, little attention is generally paid by municipalities to audit reports. The Minister takes this opportunity of pointing out to municipal bodies the fact that these audits are intended for the assistance of the local authorities themselves and that specific defects and irregularities are brought to light not in a spirit of captious criticism, but with a view to suggesting necessary steps being taken for having them remedied.

17. **General Remarks—Burdwan Division: Howrah.**—The total ordinary income of the municipality fell from Rs. 15,99,554 to Rs. 15,92,551. The decrease is mainly attributed to the fall of receipt under the Fire Brigade Act and to the non-receipt of any contribution from the public for any improvement work. Expenditure rose from Rs. 12,62,192 to Rs. 14,00,146 mainly on account of increased outlay under the heads "Water Supply," "Roads" and "Conservancy." There was a revision of assessment in wards 4 and 8. The current demand on account of municipal taxes rose from Rs. 14,91,245 to Rs. 16,70,330. The financial position of the municipality has improved within recent years.

The duties of cleansing the roads, drains and privies in the town was, as before, vested in the Ward Committees. Both the Chairman and the Commissioner of the Division complain of their inadequate supervision and of want of sympathy and co-ordination with the central municipal authorities. The question of the disposal of street sweepings is getting more acute year by year owing to the difficulty in finding dumping grounds. The road watering arrangement of the town has been greatly improved; in addition to 21 road-watering carts, two road-watering lorries were purchased.

The expenditure under "Public instruction" shows a slight falling off. The scheme prepared by Mr. Biss for the advancement and extension of primary education could not be taken up as it involved the imposition of additional taxation. The Municipal Commissioners, however, decided to take up four of the existing primary schools and to make education free in them.

The health of the town has improved during the last three years, the birth-rate is steadily increasing, the figures for the last 3 years being 20·20, 22·06 and 25·48 per mille, respectively, while the number of deaths has gradually decreased since 1920-21. There were no epidemic diseases during the year. To remove infantile mortality four qualified midwives were appointed under the supervision of the Health Officer.

The municipality of Burdwan was administered with great efficiency. A scheme for replacing the worn out engines and boilers at an estimated cost of Rs. 1,30,000 was taken up during the year and considerable progress made. Kalna was at one time notoriously unhealthy, but during the last 10 or 15 years it has improved in respect of malaria, though typhoid and kala-azar have become prevalent. The system of treatment of kala-azar by antimony injections, which was introduced by Dr. Muir in the Scottish Mission Hospital, was continued. The success obtained from this method of treatment has led to an influx of patients from other places, and it is to this circumstance that the Municipal Commissioners attribute the spread of the disease among the permanent residents of the town. The crying need of the town of Katwa is filtered water, but the municipality is making no provision for a supply. The first elected Municipal Board of Asansol has been formed and it is hoped that the affairs of this municipality will now rapidly improve. The finances of the Midnapore municipality continued to be unsatisfactory. The water-works scheme of the municipality was hung up for inadequacy of funds, but steps are now being taken for completing an important part of the scheme. At Chandrakona dissension and party feeling prevented any useful work being done.

The District Magistrate of Hooghly is of opinion that the two largest municipalities, viz., the Hooghly-Chinsura and Serampore are the worst managed. The finances of the former show some slight improvement, but the outstanding balance being still so high as Rs. 21,000, the improvement is purely nominal and is unaccompanied by better work in other departments

of the municipality. For want of continuous supervision over the collecting staff, collections are neglected and arrears allowed to accumulate. Other branches of administration have also suffered and the people are reported to be growing dissatisfied with the present management of the municipality. The Serampore municipality was faced with bankruptcy which has been averted by the recent assessment which will add 25 per cent. to its income. Party faction was noticeable in Kotrung. Much improvement has been affected in the Bansberia municipality by the construction of a mill in Ward No. I and by the clearance of jungle by another mill in Ward No. III. The general health and sanitation of Baidyabati has improved, but the municipality is notorious for party factions. The collections in Campdany were very satisfactory.

18. **Presidency Division.**—Mr. Prentice, the late Magistrate of the 24-Parganas, remarks as follows :—

"There continue to be too many municipalities whose administration falls far below what it ought to be. Panihati, Tollygunge, Rajpur, Basirhat, Joynagar and Baduria are all bad, and there are some others which might easily be better than they are. . . . . In places like Joynagar the Municipal Commissioners decline to enforce any of the much-needed improvements because private interests will thereby be affected and zamindars and others are not ashamed to derive income from markets which are insanitary. The scheme for a railway market at Kanchrapara still hangs fire and no progress has been made with the project for a municipal market in Bhatpara. No great progress appears anywhere in jungle-cutting or filling up insanitary *dobas* and there is a general want of vital civic co-operation. Rate-payers do not keep their own holdings clear."

The municipal administration in the district of Murshidabad was fairly well managed as far as municipal funds permitted, and the health of municipal towns was generally good. The standards of collection in the Khulna municipality were again high, and freedom from epidemic disease enjoyed by the town was attributed to good administration. On the other hand, the work of the small municipality at Debhata was extremely unsatisfactory. When the District Magistrate inspected it on the 23rd March 1923, it had carried out only three-eighths of the budgeted expenditure, had spent only one rupee out of a budgeted capital outlay on drains of Rs. 100, and had been without a sweeper throughout January and February. Its standards, traditionally low, were further depressed during the year by local class feuds. A general election was set aside, and a second election which was held resulted in the unseating of the *bhadralog* class.

The Commissioner of the Division observes :—"The few good municipalities do excellent work considering the very limited means at their disposal, but there are a large number which have in no way fulfilled the hopes of their founders. In many places the Commissioners have yet to learn the great responsibility involved by their position not only in spending carefully the money for the ratepayers but also in realising their dues promptly."

19. **Dacca Division.**—The state of affairs in the Dacca municipality is unsatisfactory. The latrine service is indifferent, the water-supply is deficient, and the conditions of the roads leave much to be desired. The revaluation was long overdue and the successive bodies of Commissioners who omitted to have the town revalued are partly to blame for the present discomforts of the ratepayers. The present Commissioners have at last made a general revaluation. In this connection the Divisional Commissioner observes as follows :—

"The Municipal Commissioners of Dacca are to be congratulated on reducing the outstanding balance of taxes from Rs. 51,524 to Rs. 24,010 and on

at last making a general revaluation. . . . . There is an insistent demand for improved services of every kind, but the Chairman has shown that without more money not only will it be impossible to meet it, but it will be impossible even to maintain the existing services at their present level of efficiency. Already the maintenance of roads is being starved, and the Municipal Commissioners have had for lack of funds to decline a generous offer by Government in aid of female education. It is to be hoped that the ratepayers will in their own interests, withdraw their opposition to a most necessary measure which should have been taken years ago."

There was a marked deterioration in the administration of the Mymensingh municipality. The outstanding taxes have increased from Rs. 30,255 to Rs. 39,109, and unpaid bills from Rs. 19,325 to Rs. 33,778, while the closing balance has fallen from Rs. 29,212 to Rs. 16,895. The water-works plant is being subjected to a dangerous strain whilst, owing to the waste of water through unmetred house connections, the bulk of the ratepayers are getting an inadqeuate supply.. Of the rural municipalities, Muktagacha still has unpaid bills to the amount of nearly half of its current demand, while Nalchiti managed to collect its whole demand. Municipal affairs in Sherpur are not likely to be administered smoothly or satisfactorily until the municipality ceases to be used as a tool to further the rivalries of the zamindars.

20. **Chitttgong Division.**—The Cox's Bazar municipality had to face a cyclone in April 1922, but in spite of its limited income it is reported to be doing satisfactory work. The financial condition of the Chittagong municipality is unsatisfactory, but the new Board have been doing their best to improve matters. The income of the Comilla municipality increased by about Rs. 2,000 owing to partial revision of assessment and expenditure was reduced in some departments without impairing efficiency. Noakhali was still under erosion of the river. A new road was constructed in the extended area of Sonapur where some temporary quarters have been erected for officers, while some roads in the interior of the town were raised for protecting the locality from flood water.

21. **Rajshahi Division.**—The Darjeeling municipality has maintained its reputation as a progressive municipality run on modern lines. The new municipal executive of the Rajshahi municipality has shown commendable energy in tackling the problem left by the old board. Most of the other municipalities have carried on their routine duties fairly well, but cannot hope to show really satisfactory results until they materially increase their income. The incidence of taxation in most of them is at present extremely low.

22. **Conclusion.**—The year under review has not seen any very marked improvement in the general level of municipal administration, which continues to be hampered by a lack of funds. The incidence of taxation is still very low in many municipalities. If the local authorities are not content to stand still, but are genuinely anxious to improve the amenities of civic life, they must be prepared to resort to higher taxation. The Minister is glad to notice that a lead has been given in this direction by some municipalities which have increased the rates and revised their assessment in a stringent manner.

One of the weakest features of municipal administration is the marked disinclination of the municipal executive to enforce the rules regarding the prompt and timely realisation of municipal taxes through the summary procedure; the timely issue of distress warrants and the regular realisation of warrant fees. Fear of unpopularity with the general body of ratepayers obviously lies at the root of this weakness, but it cannot be too strongly impressed upon the municipal boards and their Executive officers that timely collection of municipal dues is the first and basic condition of efficiency in municipal administration.

The present Municipal Act has been in force for nearly forty years, and though still wide enough in its scope to meet the needs of many towns, it naturally fails to provide the wider range and scope which legislation in recent years has given to municipal administration in all parts of the world. To remedy this defect and to remove certain legal difficulties which the working of the present Act has revealed, a consolidated Municipal Bill was introduced in the local Council in August last. It not only provides for increased independence to municipalities by the devolution of functions and powers from the State and by the relaxation of internal control, but it aims at supplementing the present law by conferring ample powers to increase taxation, to enforce the improvement of insanitary buildings and areas, to prevent and control epidemic diseases, to regulate the sale of food-stuffs, to improve the registration of vital statistics, and to encourage the expansion of primary education. The adoption of this Bill into the Statute Book will, it is hoped, open up wide possibilities of municipal progress.

RESOLUTION ON THE REPORT ON THE OPERATIONS OF THE DEPARTMENT OF AGRICULTURE FOR THE YEAR 1922-23.

GOVERNMENT OF BENGAL.

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Agriculture.

DARJEELING, THE 30TH APRIL 1924.

RESOLUTION—No. 137T.—A.I.

Minister in charge : The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.

READ—

The Report of the Department of Agriculture, Bengal, for the year 1922-23.

Mr. G. Evans held charge of the department till 16th October 1922, when he went on leave preparatory to retirement. Mr. R. S. Finlow officiated as Director for the rest of the year. Mr. K. McLean, Deputy Director of Agriculture, was appointed to act as Fibre Expert to the Government of Bengal. Mr. F. Smith, Deputy Director of Agriculture, proceeded on leave for fifteen months from the 27th November 1922. Two new posts of Deputy Director of Agriculture were sanctioned by the Secretary of State at the close of the preceding year, but it was not possible to fill them permanently for want of suitable recruits. It has since been decided not to fill the posts for the present as, until the number of farms in working order increases, the staff of three Deputy Directors appears to be sufficient for the needs of the department. Mr. M. Carbery continued as Agricultural Chemist, and Messrs. G. P. Hector and Dwijadas Datta as first and second Economic Botanists. respectively, throughout the year.

2. Although the decisions of Government on the recommendations of the Bengal Retrenchment Committee relating to the Agricultural Department were taken after the close of the year under report, it is necessary to indicate the policy underlying these decisions to remove misapprehension. As regards the demonstration and propaganda branch of work of the department for which a large subordinate staff of District Agricultural Officers and demonstrators were employed under the Superintendents of Agriculture in charge of divisions, it has been definitely decided that the work of demonstration should radiate from the district agricultural farms where the necessary technical staff of District Agricultural Officers and demonstrators will exist, whilst propaganda, so far as it is non-technical, should be carried out with the assistance of the District Officer and his staff, the staff of the Co-operative department and the Agricultural Associations. The district and departmental staff will in the course of their ordinary duties in the mufassal draw the attention of the cultivators to the improvements effected by the agricultural department and induce them to get into touch with the farms. It will then rest with the technical staff at the farms to demonstrate the improvements of crops, seeds, manures, implements, methods, etc.

Next to research and the research stations, the district agricultural farms, therefore, occupy an important place in the organisation of the department. Whilst, however, the functions of these farms must necessarily include experiment as well as demonstration, it is also fundamental that, if they are to convince people, some portion of each farm must be run as an economic proposition to bring home to the public that agriculture on the lines recommended by the department can be made to pay. A decision to this effect has accordingly been taken by the department.

As a corollary to the policy of concentrating the activities of the department around the farms the Government of Bengal in the Ministry of Agriculture and Public Works have also accepted the principle of the recommendation of the Bengal Retrenchment Committee that the maintenance of seed stores

and the distribution of seeds are matters not of agriculture but of organisation. Orders have accordingly been issued for the abolition of seed stores outside the farms.

3. Of the 19 Bengal students in the second year class of the Sabour Agricultural College which closed at the end of the session 1922-23, 18 passed the final examination. The number of students on the roll in each of the Secondary Agricultural Schools at Dacca and Chinsura was 16 in the first year class, while there were 20 and 17 students on the roll in the second year class in the respective schools. Eleven students passed the final examination in the Dacca School and 14 in the Chinsura School. The Government of Bengal (Ministry of Agriculture and Public Works) have since on the recommendation of the Bengal Retrenchment Committee decided to close the Chinsura School, since it appears that full advantage has not been taken of the facilities offered by the school.

The scheme for agricultural education referred to in the resolution recorded on the report for the year 1921-22 was not proceeded with as there was no likelihood of funds being obtainable. For similar reasons the proposed Agricultural Institute at Dacca was not proceeded with. This is not to say that the Agricultural Department and the Government of Bengal have lost sight of the importance of agricultural education either in its more elementary form as at schools such as the report mentions as existing in Amarpur (Burdwan) and Durgapur (Chittagong) or Dacca, or in its more advanced form as contemplated in the proposed Agricultural Institute at Dacca, and it is to be hoped that it will be possible to take up these questions in the near future. Mere theoretical training will not commend itself, and any scheme of agricultural education to prove acceptable must be such as to direct students back to the land and the practical pursuit of a profession on lines which it will first be proved are profitable.

4. Satisfactory progress continued to be made in the research side of the department. The evolution of improved races of jute and the reaffirmation of the values of previous discoveries in regard to jute, some of which had begun to be challenged, naturally received special attention, but investigations were also carried out in hemp, flax and other fibres. At present D. 154 is the standard departmental race of *C. capsularis* and the best yielder. Two other races D. 27 and 39X, a hybrid, are also under trial. Over 600 single plant cultures of *C. capsularis* were made during the year with the object of improving on D. 154. Work on *chlorosis* in jute in collaboration with the Economic Botanist was continued. Results obtained by crossing *chlorotic* with non-*chlorotic* races of C. *capsularis* have so far indicated that the *chlorotic* tendency is more extensively inherited through the female than the male plant.

The question of the superiority of departmental races of jute in fibre and spinning qualities over local races came under discussion with the trade during the year. Arrangements have been made for the conduct during the present year of a series of field tests in the Eastern and Northern Bengal districts with the departmental races of R. 85 and D. 154 and *Funduk*, a variety which is believed to be of a very high quality by the trade. The Bengal Chamber of Commerce has nominated a committee to co-operate with the department in these matters and to advise it in regard to the requirements of the trade. The Government of Bengal (Ministry of Agriculture and Public Works) are gratified to notice the interest which the departmental races of jute have roused, and will await the result of the field test undertaken by the department.

The report of the Committee appointed to devise ways and means to eradicate water-hyacinth was received and considered during the year. The Committee were unable to come to a unanimous conclusion on the important question of the measures to be taken for the eradicaton of the weed. They failed also to reach a unanimity about the efficacy of the spray, demonstrations of which were given by its inventor, Mr. T. S. Griffiths. The experiments conducted on a small scale at Dacca under the supervision of the experts of the department afforded grounds for the belief that the fluid used by Mr. Griffiths, although harmless to human

beings and animals, resulted on application in the destruction of the water-hyacinth. As the Government of Bengal were of opinion that no possibility of securing an efficacious means of dealing with the pest should be neglected they decided to follow up their previous experiments and to endeavour to obtain some conclusive result. Communications were accordingly addressed to Mr.Griffiths as a result of which he offered the use of his spray to this Government for a period of three years for a payment of £1,500 with the option to purchase all rights in it in Bengal for a further payment of £6,000 at the end of three years if this Government were fully satisfied with their experiments during that period. The Government of Bengal (Ministry of Agriculture and Public Works) are satisfied that the offer is reasonable and have accepted it.

5. As usual, rice continued to receive particular attention in the Botanical Section, though minor investigations were also carried out in cotton, pulses and oil seeds. Varietal tests in a record season at Dacca and in an unfavourable season at Chinsura have again proved the superiority of *Indrasail* and *Dudshar* paddy, whilst *Kataktara* is still without a rival in Eastern and Northern Bengal as a high land broadcast *Aus* rice.

Amongst *Rabi* crops a number of pure races of *Matikalai* with promising qualities have been selected.

The Second Economic Botanist is in charge of the investigations into cotton, deep-water paddy, pulses and oil seeds.

The cotton survey of the province is still being conducted. It is estimated that the total area under cotton in Bengal is 60,000 acres, of which 5,000 acres are ordinary cotton and the remainder is *Comillas*. It is interesting, even if it may not prove to be important, that types of cotton answering Roxburgh's description of Dacca muslin cotton have been discovered at Dewanganj (Mymensingh) and Rangpur.

6. In the Chemical section special attention was given to sugarcane, date-sugar and tobacco. Although the drought in the early part of the year proved disastrous to the sugarcane crop it was not without its lesson, as it demonstrated the exceptional drought-resisting capacity of the departmental race of *Tanna*. Two other new Coimbatore hybrid races, viz., Madras Nos. C.213 and C.214, have also been found to be good resisters of drought. They also promise to tiller better and to yield a purer juice. Experiments have shown that high glucose content of the juice of sugarcane grown on the red laterite soil of Dacca is due to the soil's deficiency in lime as well as to the lack of moisture which was hitherto believed to be the chief cause.

Manurial experiments with tobacco indicate that groundnut cake and fish manures yield good results.

7. Gratifying progress has been made with the programme of evolving an improved breed of cattle at the cattle-breeding station, Rangpur. The process of selection of cows has resulted in a marked improvement in their yield of milk so that the minimum standard of milk yield per lactation period of 300 days has been raised from 500 lbs. in 1920 to 1,500 lbs. in 1923. To-day the best cows at Rangpur are giving about 4,000 lbs. of milk per lactation. Attention is also being given to producing in larger numbers bulls of good stature and belonging to good milking strain. The object is distribution amongst owners of cows, for it has been proved at Pusa that it is through the sire that the milking strain passes. Selection work with the herd of Sindhi cattle at the Dacca Farm is in progress. The problem of cattle fodder which has an important bearing on the improvement of cattle has also been engaging the attention of the department. Numerous fodder crops, both indigenous and exotic, are being tested with a view to ascertaining their value and giving the public the benefit of the results.

8. During the year an Agricultural Engineer with a small staff was employed with the object of executing minor irrigation schemes for the improvement of agriculture in the Bankura, Birbhum and Midnapore districts. Apart from schemes under the Bengal Agricultural and Sanitary Improvement Act, 1920, there was a large number of co-operative irrigation schemes in the Bankura and Birbhum districts which called for the special attention of the Agricultural Engineer. Besides irrigation work a number of applications were received for the drainage or re-excavation of *khals* connecting

rivers and *bheels* under the Bengal Agricultural and Sanitary Improvement Act. It is hoped that if advantage is largely taken of the provisions of the Act much benefit from the sanitary as well as the agricultural point of view will result.

9. As already indicated agricultural associations play an important part as a link between the department and the raiyats. They also afford a real test of the interest taken by the public in the welfare of the agricultural population. Noteworthy among these associations are those of Nadia, Birbhum, 24-Parganas, Pabna and Rangpur. Agricultural associations run on co-operative lines have great possibilities and the distinguishing merit of self-help. In Pabna an innovation has been made in the establishment of agricultural co-operative societies with small areas for the demonstration of improvements and the production of seed of departmentally selected crops. A further experiment in collaboration with the co-operative department is the proposed establishment of societies for the purchase and sale of jute seed with the object of developing reliable private agencies for the propagation of improved seed under the expert advice of the Agricultural Department.

10. Mr. P. C. Chaudhury, Deputy Director of Sericulture, Bengal, assisted by two Superintendents was in charge of seed cocoon production during the year. Miss Cleghorn also continued to work at Alipore. The total receipts from the nurseries amounted to Rs. 61,188 against Rs. 79,381 and the expenditure to Rs. 1,81,254 against Rs. 1,62,460 in the preceding year. It is, of course, not to be expected that the receipts should cover all the expenditure, since the object is to revive the industry by popularising disease-free seed. The falling off in receipts is, however, unfortunate. The receipts should go on increasing until the loss to Government becomes very much less than at present. The falling off is attributed to the shortage in cocoon production resulting from abnormal weather conditions such as drought, flood, etc., as well as to the heavy budget curtailment at the end of the year which necessitated the practical abandonment of the *Maghi* programme. Nevertheless, there was a marked advance in placing the work of this section on a sounder basis than before. It has now been definitely decided that in present circumstances hybridization should be abandoned as unlikely to produce good results. Results of manurial experiments too indicate that the yield of leaf is capable of a large increase, and formalin, which is at present used as a disinfectant, is being tentatively replaced by a substance called "E.C." invented by Mr. Hutchinson, the Imperial Bacteriologist. "E. C." has been found to be far more powerful and also less costly than formalin. The multiplication and distribution of disease-free seeds are still the main items in the programme of the Sericultural Department, and the encouragement of selected rearers to produce seeds under departmental supervision is so far shown to be sound. The Bengal Silk Committee was reconstituted at the close of the year so as to secure the representation of the silk trade, both European and Indian, and the cocoon rearers and silk reelers in that body, but so far no meeting of the Committee has taken place.

11. The Hon'ble Minister has much pleasure in acknowledging the services of Mr. Finlow, Officiating Director, for his administration of the department during the year. His acknowledgments are also due to the other officers of the department whose services Mr. Finlow has brought to notice. The Hon'ble Minister also takes this opportunity of placing on record his high appreciation of the assistance rendered by Mr. G. S. Dutt, I.C.S., and Rai A. C. Banerjee Bahadur in the agricultural development of the Bankura and Birbhum districts.

By order of the Government of Bengal

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 30th April 1924.

Summary.—The rainfall during the week was generally light almost throughout the Province. Sowings of jute and paddy are proceeding briskly, but more rain is still wanted in places especially in the western districts. Prospects of standing crops are satisfactory. The average price of common rice for the Province has risen by about 0·25 per cent., as compared with that of the previous week.

Rule 56.—Where an emergency exists, the owner, agent or manager of a mine may appoint any person to make the inspection required by sub-rule (*a*) of rule 4 who, in his opinion, is competent to make such inspection, notwithstanding the fact that such person does not possess the qualifications prescribed in rule 55 :

(2) The Board of Examiners may from time to time make regulations consistent with this rule in regard to the conduct of such examinations and every regulation so made shall be published in the local official Gazette.

Rule 60.—No person shall be permitted to appear as a candidate at an examination for an underground sirdar's certificate unless he has attained the age of 21 years and has satisfied the Board of Examiners that he has had not less than three years' practical experience in a coal mine.

Rule 61.—(1) A fee of Rs. 5 shall be levied from every applicant for permission to appear as a candidate at an examination for an underground sirdar's certificate, and the amount of such fee shall in no case be refunded.

(2) A fee of Re. 1 shall be levied from every person, not being a candidate for an underground sirdar's certificate, whose eye-sight and hearing are examined by the authority referred to in clause (*i*) of rule 55.

Rule 63.—(1) The Chief Inspector of Mines shall issue to every person to whom the Board of Examiners grants an underground sirdar's certificate, a metal check marked with the registered number of his certificate.

(2) The person to whom such metal check is issued shall, so long as the corresponding certificate remains in force, retain such check in his immediate possession, and shall not transfer it or dispose of it in any way. In the event of the corresponding certificate being cancelled, the check shall be returned to the Chief Inspector of Mines.

(3) No person other than the holder of the corresponding certificate for the time being in force, shall be in possession of a metal check issued under this rule.

Rule 64.—(1) The holder of an underground sirdar's certificate granted under these rules, shall deliver such certificate to the owner, agent or manager of any mine in which he is for the time being employed; and such owner, agent or manager shall in exchange for the certificate deliver a receipt for the same to the holder and shall retain the certificate so long as the holder thereof is employed in such mine, and shall return it to the holder on his ceasing to be so employed.

(2) The owner, agent, or manager of any mine shall, on the demand of an Inspector of Mines, produce any underground sirdar's certificate held by a person employed in the mine.

Rule 65.—A register showing the names and addresses of all holders of underground sirdars' certificates shall be maintained in the office of the Chief Inspector of Mines and a note of the cancellation of any such certificate shall be entered in such register.

Rule 66.—If any person proves to the satisfaction of the Board of Examiners that he has without any fault on his part lost or been deprived of a certificate granted to him under rule 57 otherwise than by the Board of Examiners under rule 62, the Board of Examiners may, upon such terms and conditions as they may determine cause a copy of the certificate to which the applicant appears by the register to be entitled, to be delivered to him. (SURPLUS STORES.)

Simla, the 24th April 1924.

RESOLUTION.

The work connected with the disposal of surplus stores on behalf of His Majesty's Government (Disposal and Liquidation Commission) is now being closed down. The work was started in 1919 by the establishment of an organization for the disposal of surplus textile stores, and the organization was expanded from time to time to meet changing requirements, until it eventually comprised a staff which dealt with the disposal not only of textiles but of engineering stores, medical stores, food-stuffs, and numerous other stores of a miscellaneous character. Three main depôts for the sale of stores were established, namely at Bombay, Calcutta and Lahore; each of these depôts was in charge of a Controller of Sales under the authority of the Chief Controller (Surplus Stores); the Controllers of Sales and their staffs were assisted by Sales Committees, composed of non-official gentlemen who assisted the Controllers with their advice in the pricing of the stores, and in the methods of disposal. In regard to textile piece-goods and yarn, Mr. N. B. Saklatwala, C.I.E., of Messrs. Tata Sons, Limited, acted as Honorary Adviser to the Surplus Stores Organization from its commencement in 1919 until April 1922, when the disposal of textiles had so advanced, and the work in which his assistance was required had so diminished, that, on Mr. Saklatwala's own suggestion, he was relieved of his duties. The total sales effected at the three centres realized a sum of over eight crores of rupees.

2. Now that the work has been completed and the depôts have been closed, the Government of India desire to place on record their acknowledgment of the valuable help rendered by the non-official gentlemen, who placed their services at the disposal of Government, and the public spirit with which they devoted so much of their time to the work. They desire in particular to convey their appreciation of the assistance rendered by Mr. Saklatwala in the disposal of texile stores, and by the non-official gentlemen named below who served on the Sales Committees for a prolonged period :—

J. T. Fry, Esq. G. E. R. Slade, Esq. Lalji Narainjee, Esq. Dr. R W. Clayton, M.B.B.S., D.P.H. H. D. Lees, Esq.	Bombay.
W. Kinloch, Esq. Lt.-Col. W. G. Burn, O.B.E. J. A. Simpson, Esq. A. P. Gordon, Esq. F. Blick, Esq. D. Orr, Esq. S. G. Elton, Esq. R. Hall, Esq.	Calcutta.
The Hon'ble Rai Bahadur Ram Saran Dass, C.I.E. A. E. Paul, Esq., B.A., A.M.I.C.E. Rai Bahadur Milkhi Ram, C.I.E. P. Ross-Redding, Esq. J. Rustomji, Esq.	Lahore.

They also wish to acknowledge the valuable help rendered by Colonel G. H. Willis, C.I.E., M.V.O., R.E., M.I.M.E., Master of the Mint, Bombay, who was for a long time Chairman of the Sales Committee in that centre.

3. The initial organisation of the operations connected with the sale of surplus stores was effected by Sir Ernest Low, K.C.I.E., who held the office of Chief Controller till January 1921 when he proceeded on leave. The main burden has fallen on his successor Mr. A. H. Ley, C.I.E. The tact, judgment and experience which Mr. Ley brought to his difficult task and his great industry have in the opinion of the Government of India contributed materially to the success of the operations and their expeditious termination.

The Chief Controller (Surplus Stores), in conveying his appreciation of the services of the official staff under his control, has brought to the particular attention of Government the valuable work done by Mr. D. E. Keatinge, one time Controller of Sales, Lahore, Controller of Sales, Calcutta, and lately Deputy Chief Controller (Surplus Stores), and by Mr. P. N. Mukherji, Controller of Surplus Stores Accounts. The Government of India have noticed with pleasure his appreciation of their services.

ORDERED that a copy of the Resolution be forwarded to the Financial Adviser, Military Finance, the Auditor-General, the Military Accountant-General and the Accountant-General, Central Revenues; and that a copy be published in the Supplement to the *Gazette of India* for general information.

Ordered also that a copy of the Resolution be forwarded to all the gentlemen mentioned in it.

Deputy Secretary to the Government of India.

Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College—

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the provinces of Bihar and Orissa, Assam and Central Provinces, and those who come out of the Dacca or the Rangoon University as provided for in rule 5.

(*b*) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (*a*) "Regular Class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry or any Examination equivalent to it.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe. Students who come out of the Dacca and the Rangoon Universities and the candidates from the Central Provinces should apply to the Director of Public Instruction of the respective provinces.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	2	0
Total ...	84	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa, one by the Government of Central Provinces and six candidates by the Inspector-General of Civil Hospitals of Assam, six candidates of the Dacca University by the Director of Public Instruction, Bengal, and two of the Rangoon University by the Director of Public Instruction, Burma. These candidates must possess the qualifications mentioned in rule 2,(*a*). In addition, the Bihar and Orissa Government will nominate six scholars, who must have passed the I. Sc. Examination with Physics and Chemistry. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to the College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay fee within a week from the date of the publication of their results, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the winter term. They must also pay the annual Athletic Club fee of Rs. 2 along with their fees for Summer term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed above.

12. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

14. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

15. In calculating the sum to be paid under rule 14 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

20. The following are the curricula of the College :—

REGULAR STUDENTS.

First-year Class.

Physics, Chemistry, Botany, Zoology and Practical Classes in all these subjects. A Test Examination in all the subjects will be held at the end of the first-year class, and the students who fail in this examination will not be sent up for the Preliminary Scientific M. B. (Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years, either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements.

(*a*) A sound knowledge of elementary arithmetic.

(*b*) Ability to write simple English and vernacular.

(*c*) Fitness for arduous field-work.

(*d*) A certificate of character from the head of the institution where he was last educated.

NOTE.—Preference will be given to those who have passed the Matriculation Examination or received higher education.

7. The maximum age of the candidates for admission to the 1st year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him and a re-admission fee of Rs. 5.

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.
